

Bandana Collar Patterns

Slide-On Collar Bandana

A bandana with a channel that slides over an existing collar.

SMALL

MEDIUM

LARGE

OVERVIEW

Skill Level: Beginner

Pages: 10

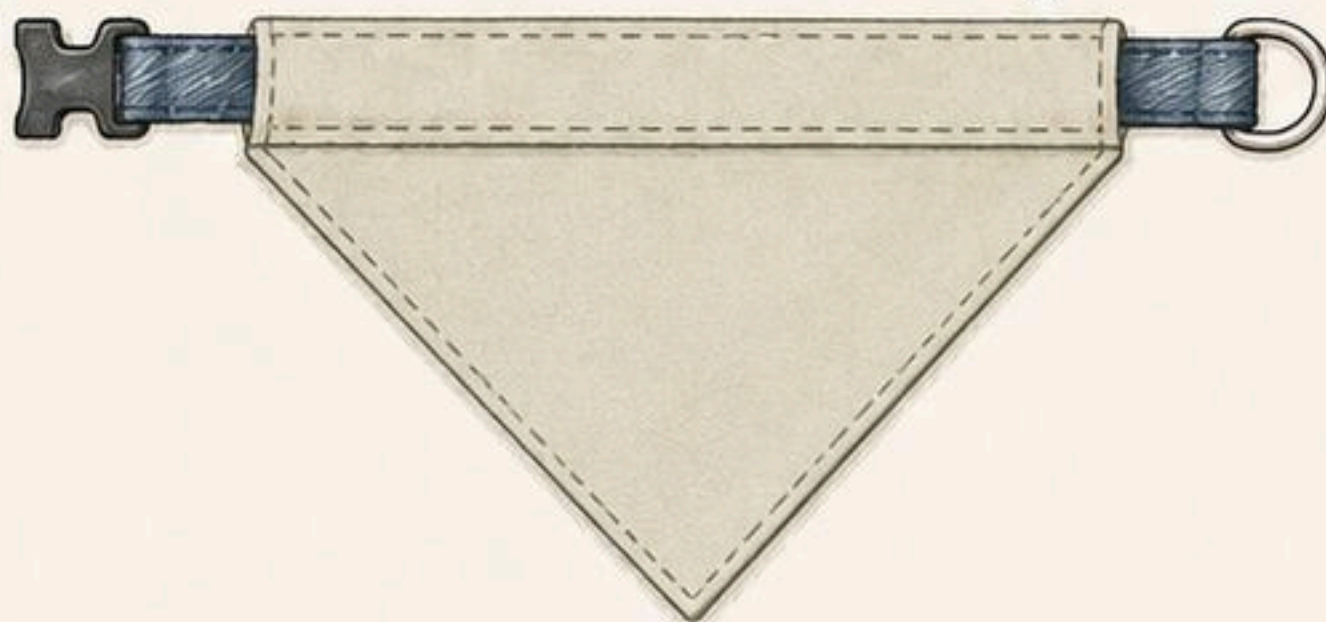

Style: Slide-On Sleeve Bandana

Sizes: Small / Medium / Large

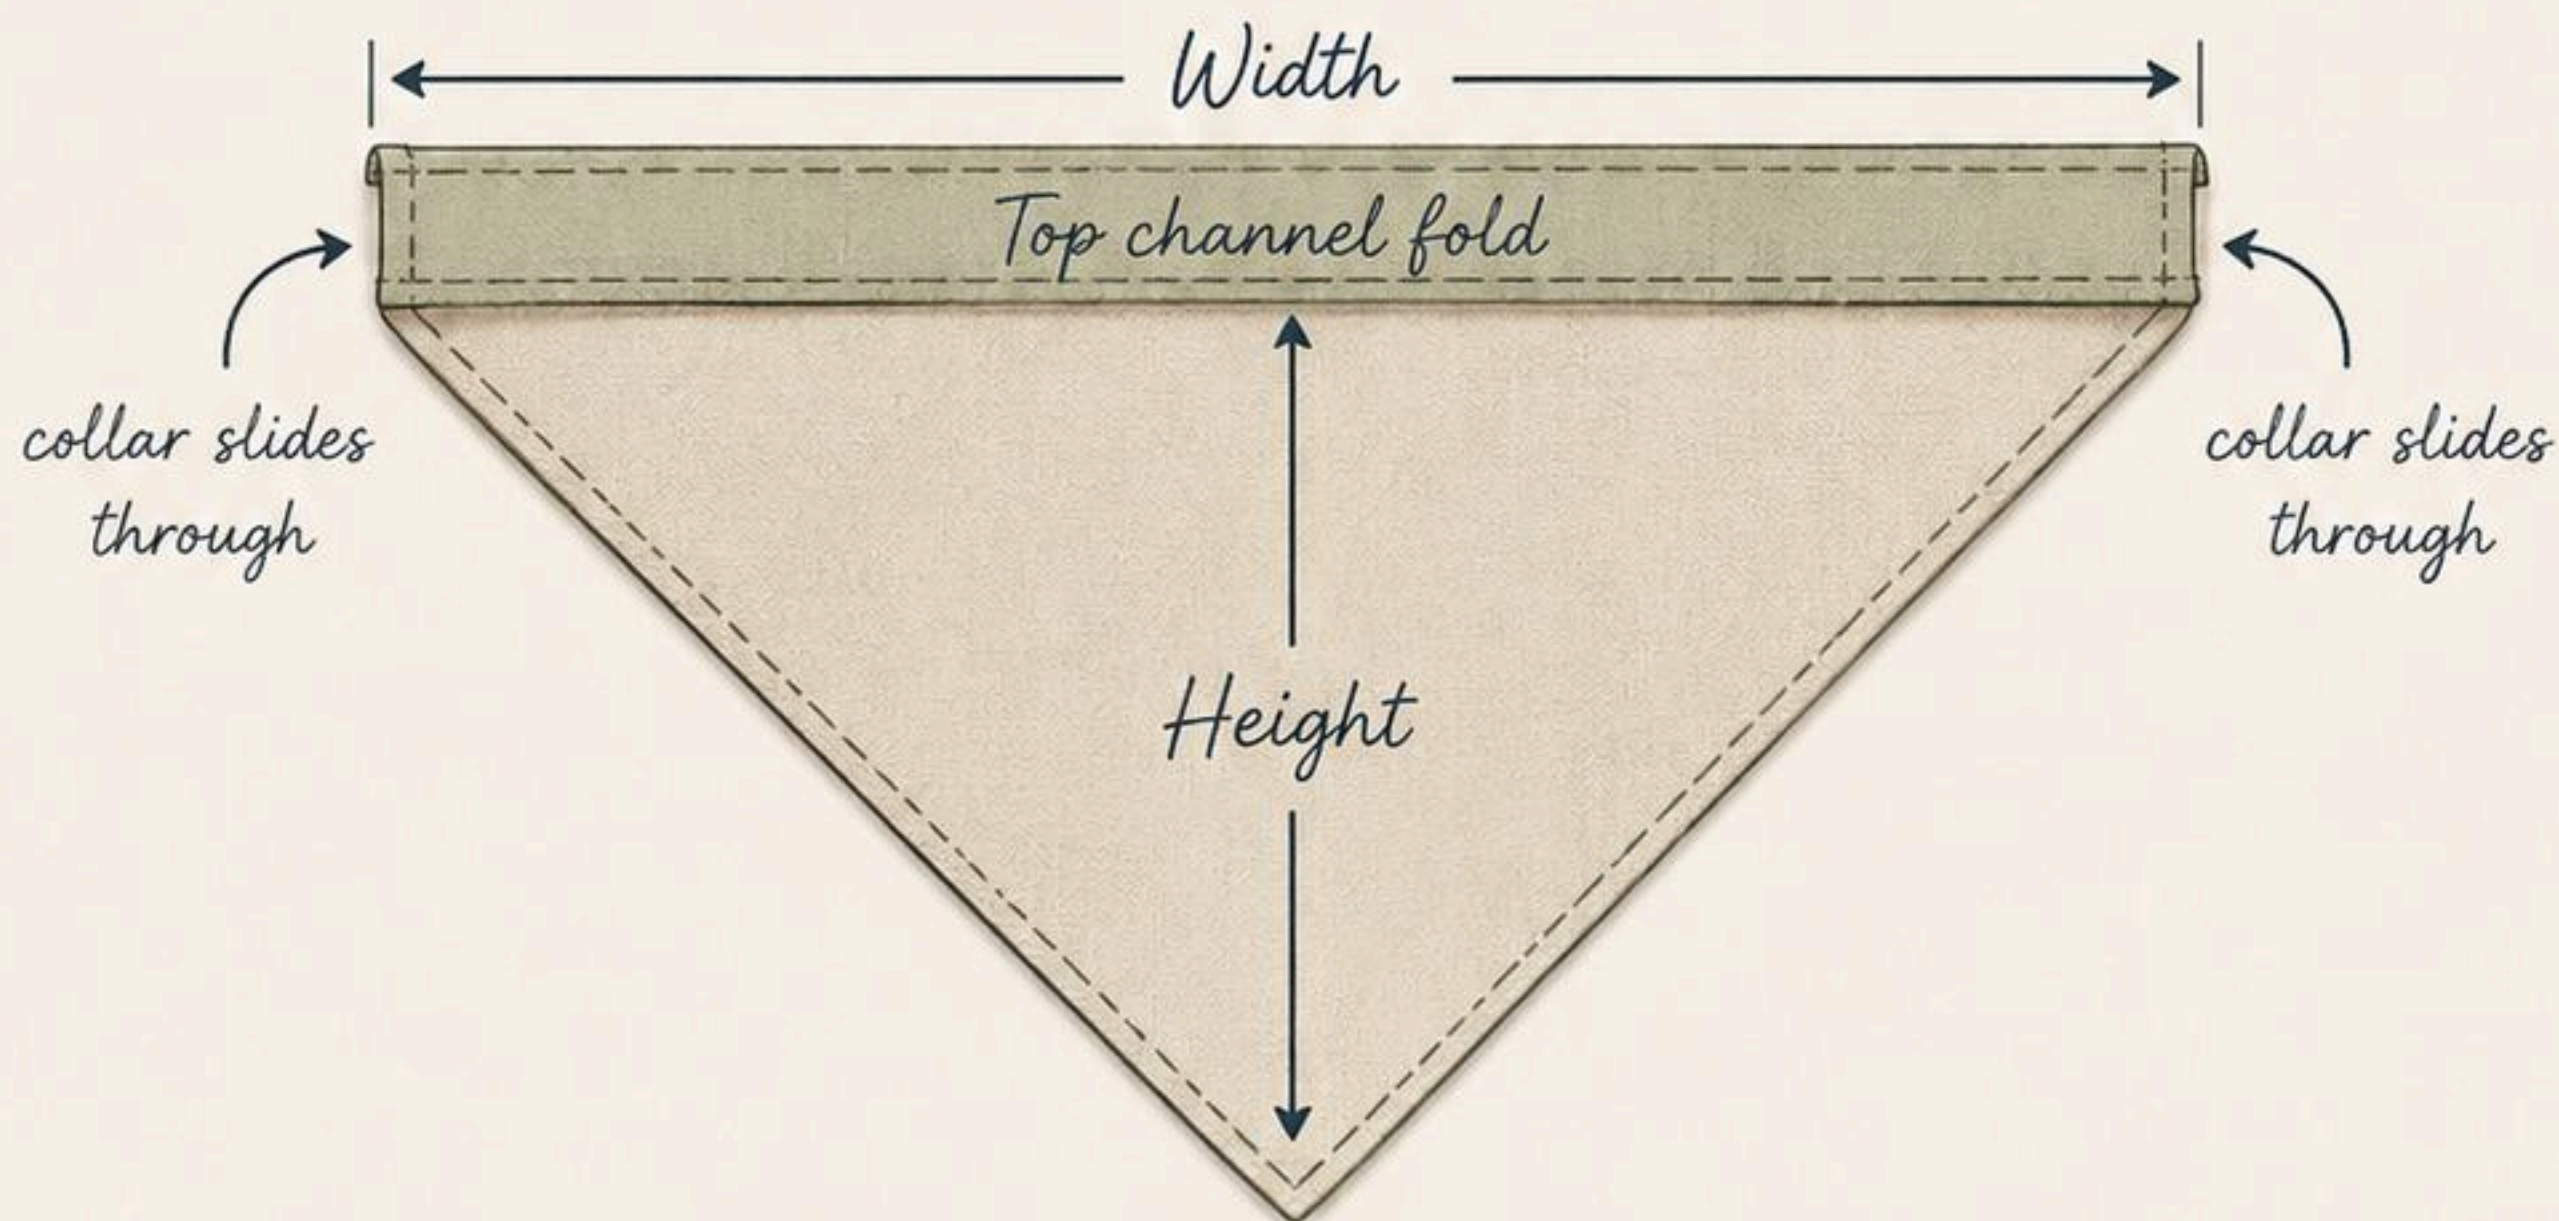

*collar slides through
the top channel*

Finished Sizes & Pattern Measurements

Use these 3 seller-friendly sizes for a slide-on collar bandana.

SIZE	NECK RANGE	FITS COLLAR WIDTH	CUT WIDTH	CUT HEIGHT	TOP CHANNEL FOLD	APPROX. FINISHED POINT DROP
Small	10–14 in	up to 3/4 in	12 in	8 in	1 1/4 in	6 3/4 in
Medium	14–18 in	up to 1 in	15 in	10 in	1 1/2 in	8 1/2 in
Large	18–22 in	up to 1 1/2 in	18 in	12 in	2 in	10 in

All sizes use a 1/4 in double-fold hem on the slanted sides and point. First press the top edge down 1/4 in, then fold by the listed channel amount.

Tools & Materials

Gather everything before you begin.

Woven cotton fabric

Matching thread

Paper for template

Ruler

Fabric chalk or washable marker

Fabric scissors or rotary cutter

Pins or clips

Iron and ironing board

Sewing machine

Existing collar for test fit

Best fabrics:
*quilting cotton, cotton poplin,
chambray, or lightweight canvas.*

Test the finished channel
*with the widest collar you
plan to sell for that size.*

Draft the Paper Template

Make one triangle template in the size you want.

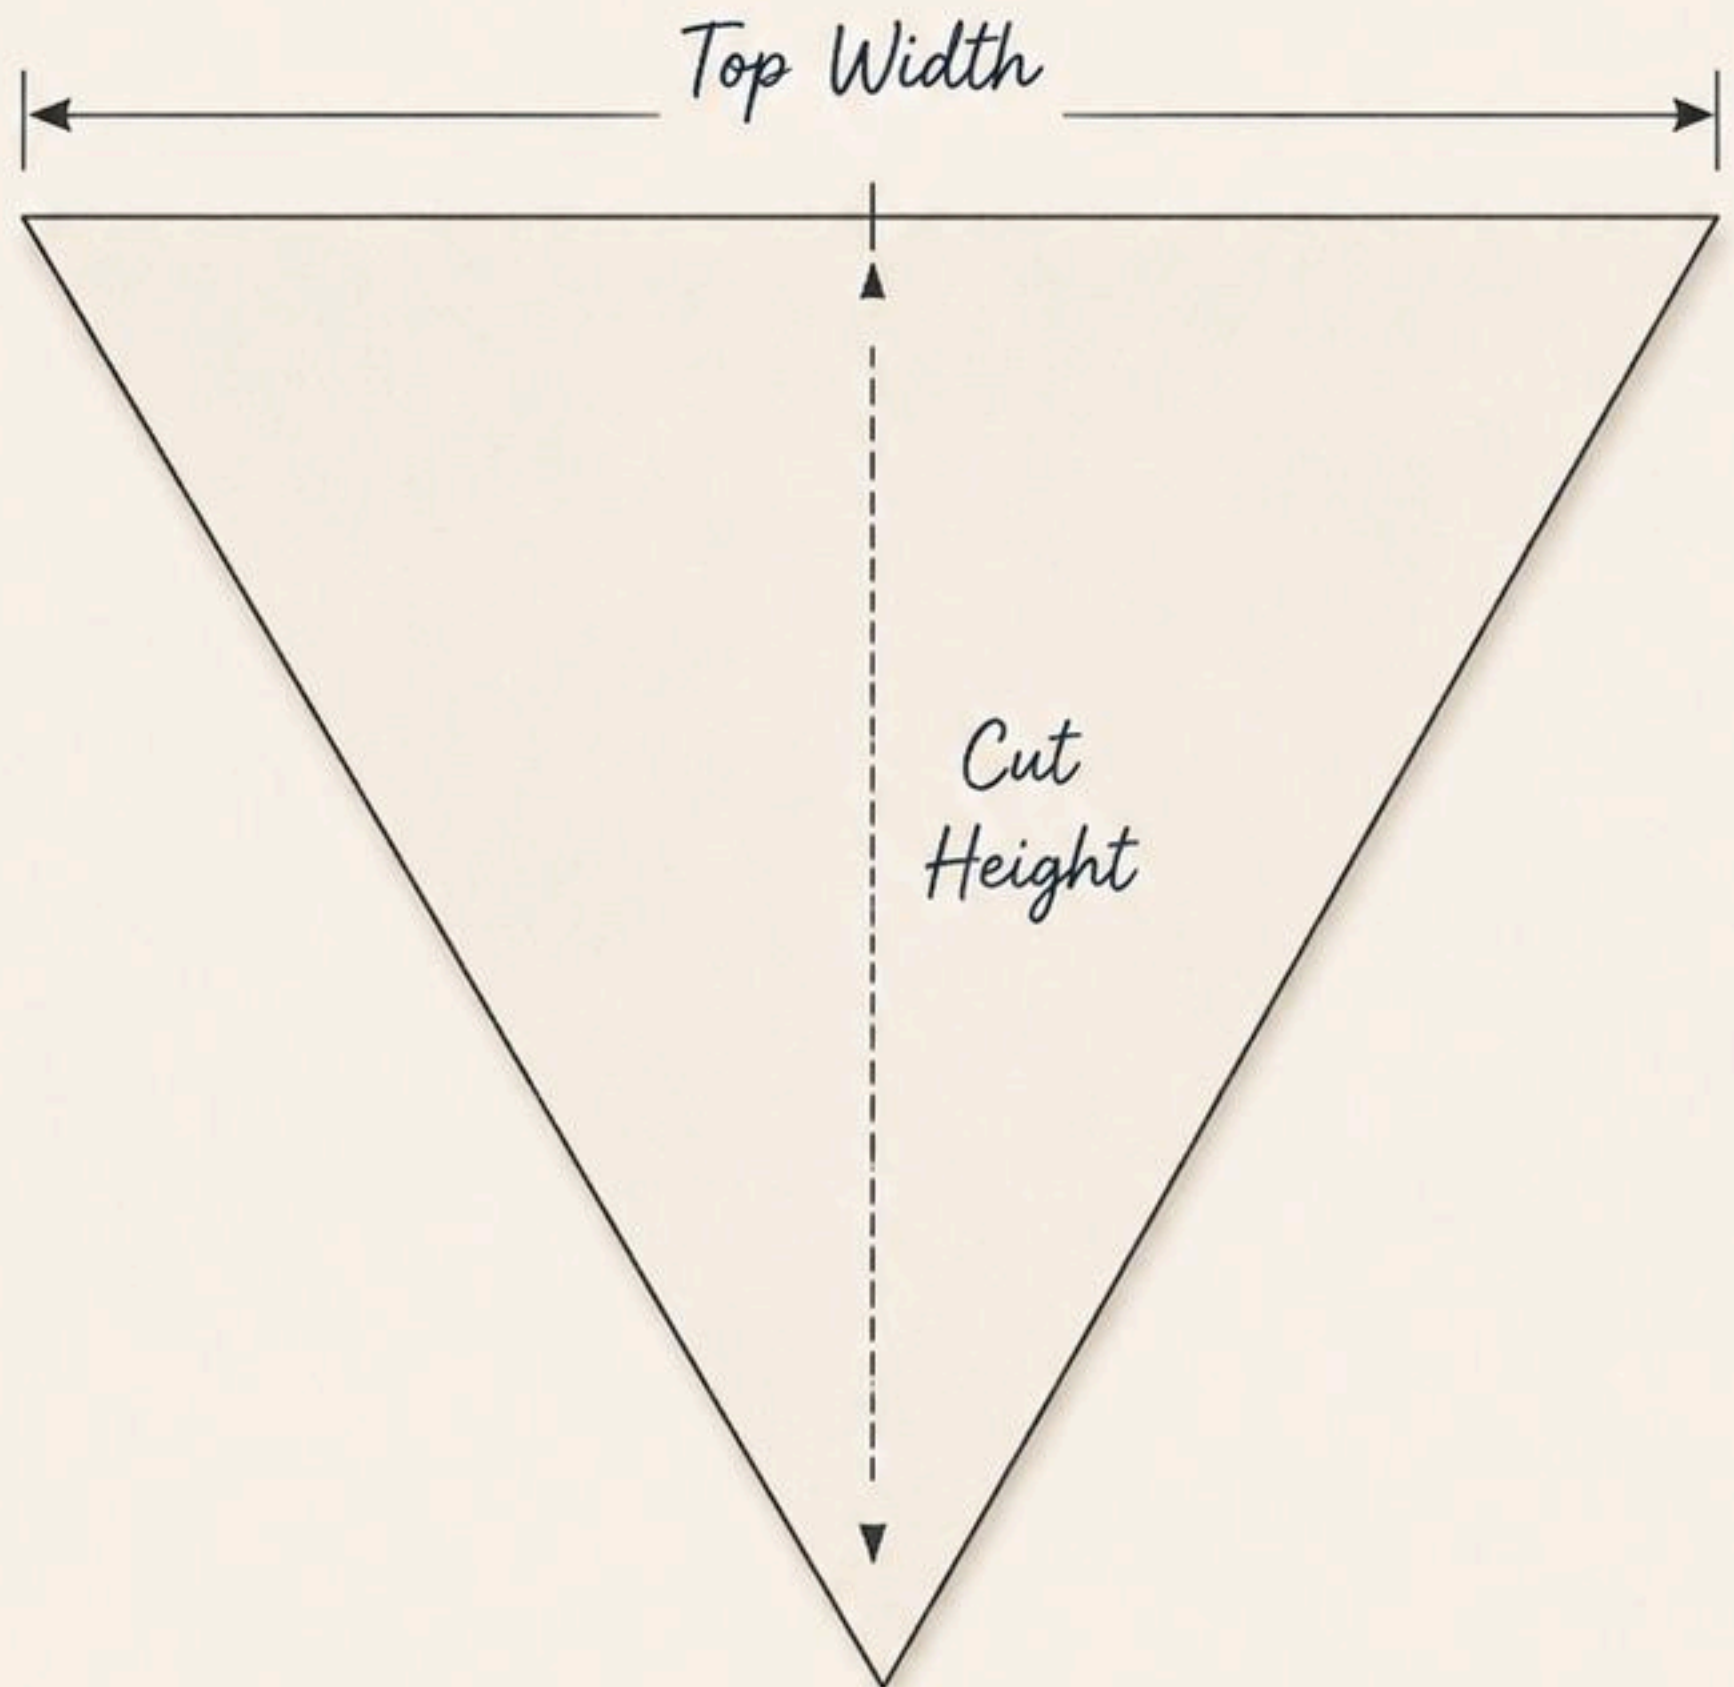

1 Draw the top width using the size chart.

2 Mark the center of the top edge.

3 Measure straight down the correct cut height.

4 Connect both top corners to the bottom point.

5 Write the correct top channel fold depth on the template.

SIZE REMINDER

SMALL

12 in wide x 8 in tall,
top fold 1 1/4 in

MEDIUM

15 in wide x 10 in tall,
top fold 1 1/2 in

LARGE

18 in wide x 12 in tall,
top fold 2 in

TIP

Use cardstock or poster board if you will cut this pattern often.

Trace and Cut the Fabric

Transfer your paper template to the fabric.

1

Place the template on the **wrong side** of the fabric.

2

Trace around the triangle with chalk.

3

Cut 1 fabric triangle.

4

Mark the center of the top edge with a tiny notch or chalk mark.

NOTE

Keep the center notch very small—just enough to mark the middle.

TIP

Cut on a single fabric layer for the cleanest, most accurate shape.

First Fold: Press the Sides and Point

Fold the two slanted sides and the bottom point in by 1/4 inch.

TIP:

Steam helps the folds stay sharp and makes the next step easier to sew.

Second Fold: Finish the Edges

Fold the same sides in once more to make a clean double hem.

1 Fold the same edges in another 1/4 in.

2 Clip or pin the folds in place.

3 Tuck the point neatly so the raw edges are enclosed.

BOTTOM POINT DETAIL

SIDE EDGE DETAIL

After the second fold, the raw edges should be fully hidden.

Make the Top Collar Channel

Create the sleeve that the collar will slide through.

1

Press the top raw edge down by 1/4 in.

2

Fold the top edge down again to make the channel.

3

Use the fold depth for your size:

- Small 1 1/4 in
- Medium 1 1/2 in
- Large 2 in

4

Clip the fold in place.

5

Stitch across the lower folded edge to form the channel.

Leave both ends open so the collar can slide through.

The finished channel should fit the collar smoothly without being too tight.

Slide in the Collar

Thread the existing collar through the finished channel.

Feed one end of the collar through the channel opening.

Pull the collar through until the bandana is centered.

Check that the bandana hangs evenly at the front.

NOTE

The bandana should slide easily on the collar, but it should not sag or bunch.

SIZE REMINDER

Choose **Small** for 10–14 in necks, **Medium** for 14–18 in, and **Large** for 18–22 in.

Finished Bandanas & Quick Recap

Your slide-on collar bandanas are ready to press, label, and sell.

SMALL

10–14 in

MEDIUM

14–18 in

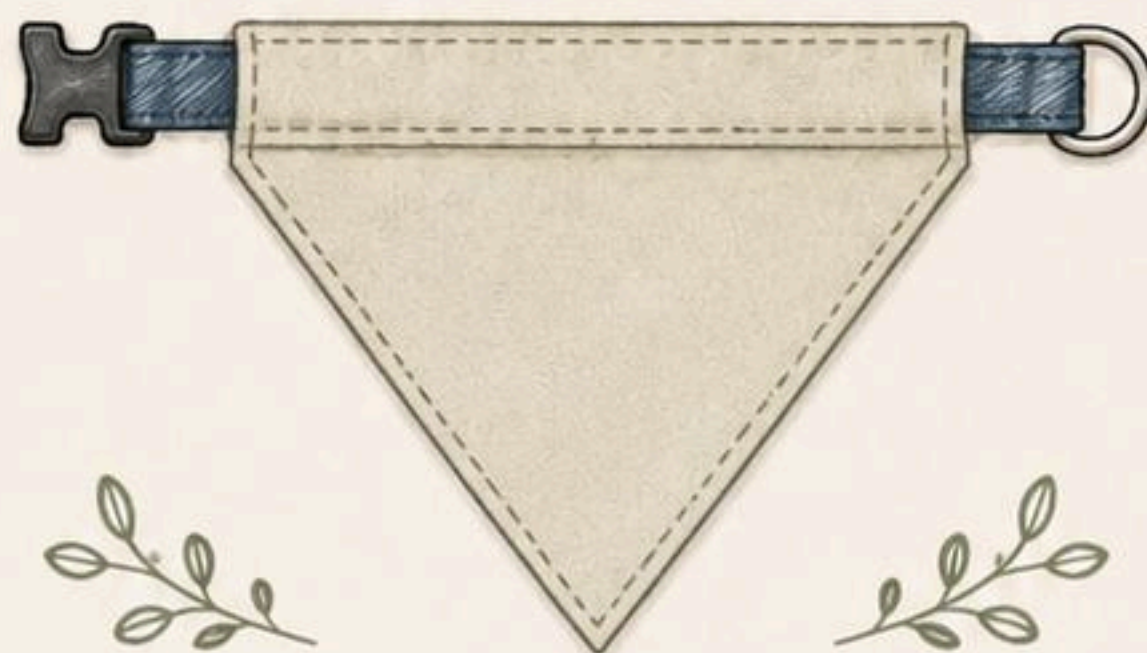

LARGE

18–22 in

QUICK RECAP

- ✓ Trim loose threads
- ✓ Give each bandana a final press
- ✓ Test the collar through the channel
- ✓ Add a size tag
- ✓ Package flat for display or shipping

This easy slide-on style is quick to sew and simple to offer in multiple prints.
