

Bandana Collar Patterns

Snap-On Bandana

A bandana that closes with snaps instead of tying.

OVERVIEW

1. Skill Level: Beginner

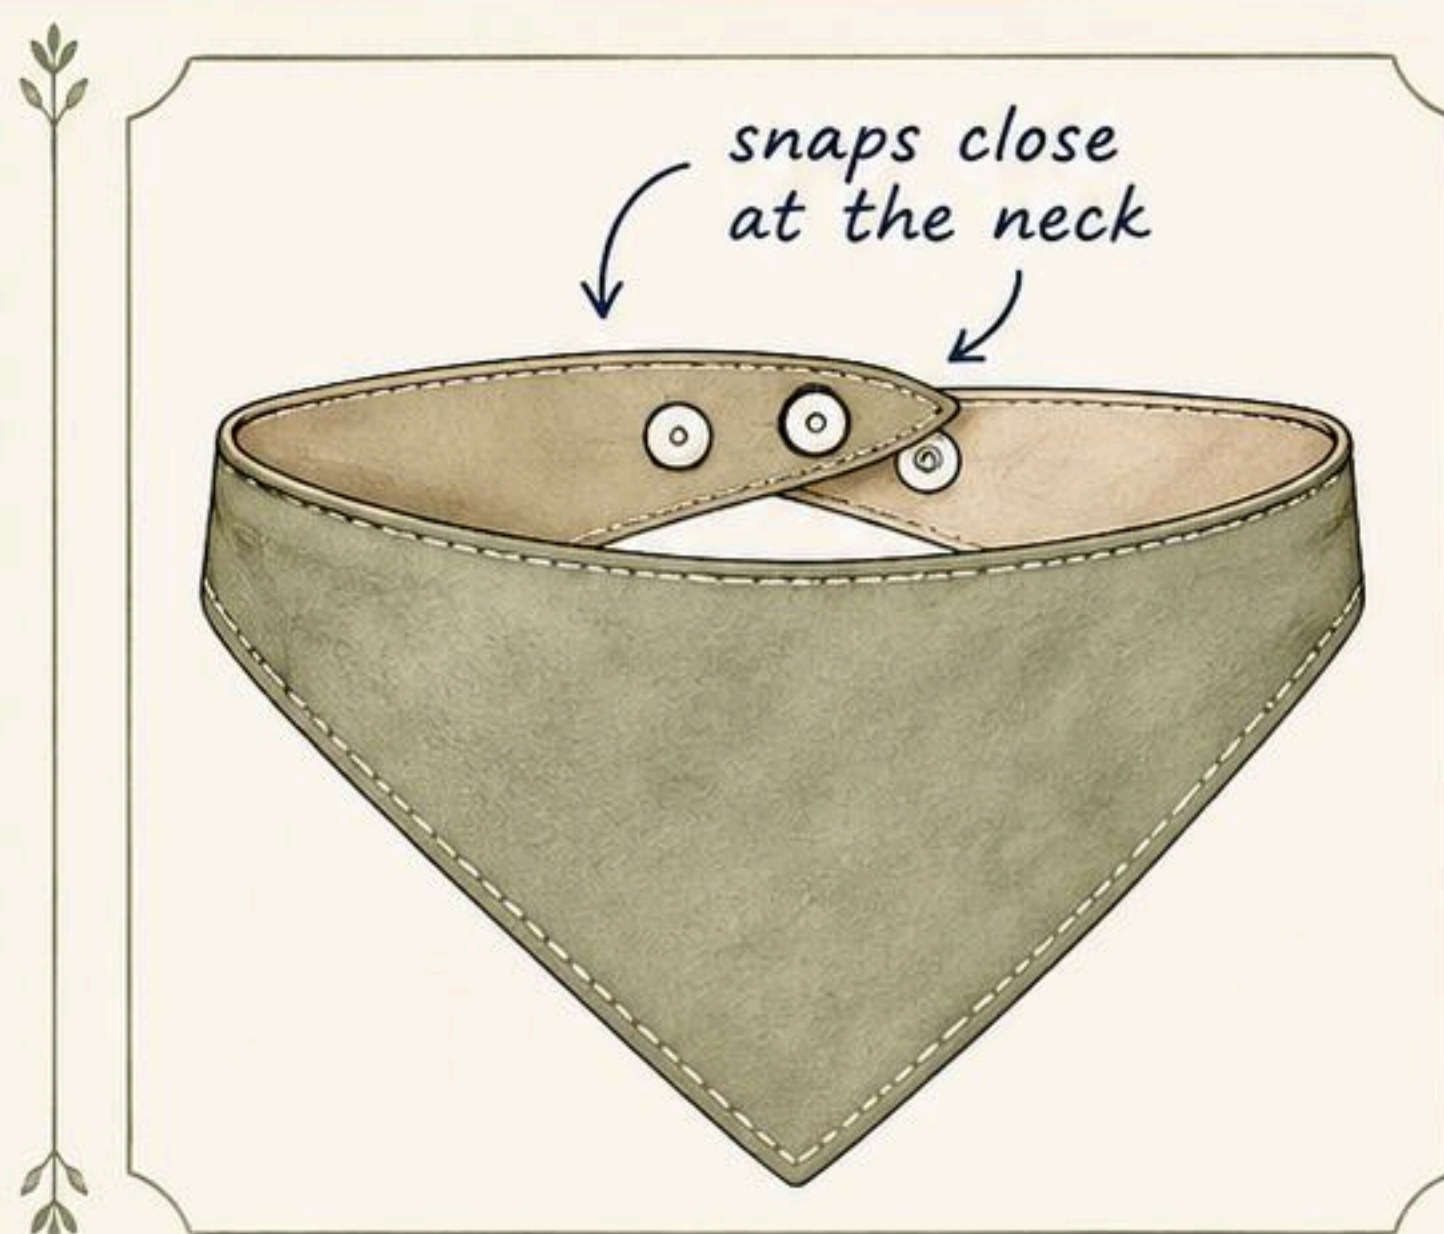

2. Pages: 10

3. Style: Snap-Closure
Triangle Bandana

4. Sizes: Small / Medium / Large

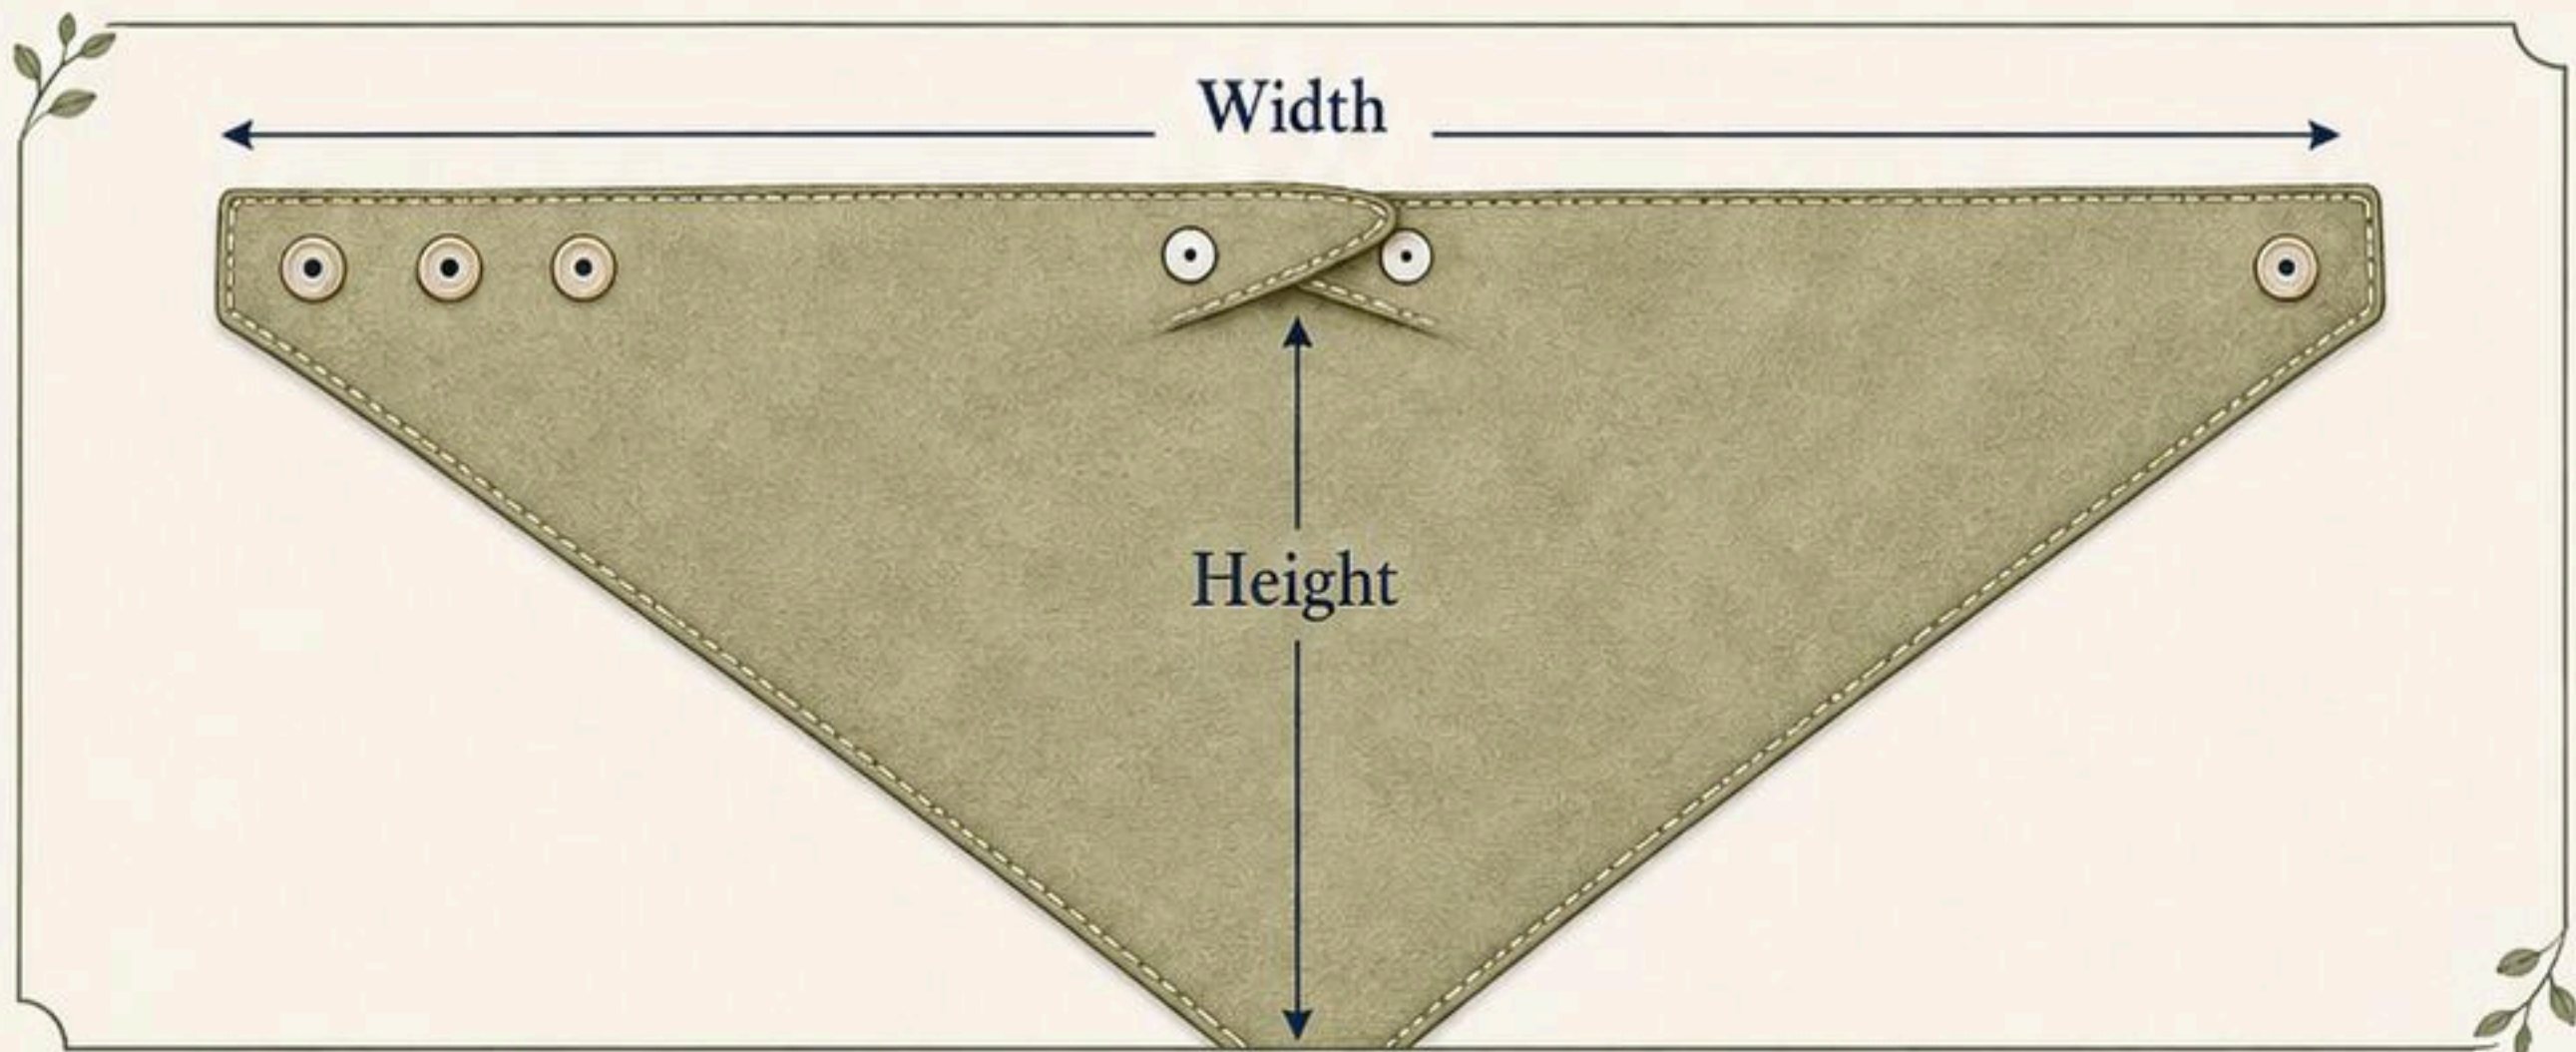

Finished Sizes & Pattern Measurements

Use these 3 seller-friendly sizes for a snap-on triangle bandana.

SIZE	NECK RANGE	CUT WIDTH	CUT HEIGHT	FINISHED TOP LENGTH	APPROX. POINT DROP
Small	10–14 in	16 in	7.5 in	16 in	7 in
Medium	14–18 in	20 in	9.5 in	20 in	9 in
Large	18–22 in	24 in	11.5 in	24 in	11 in

Snap layout for all sizes:

- **Left end:** female snaps at 1 in, 3 in, and 5 in from the end
- **Right end:** 1 male snap at 1 in from the end
- **Reinforce** both snap ends with 1.5 in x 1.5 in interfacing squares

The 3 left-side snap positions create 3 closure settings for each size range.

Tools & Materials

Gather everything before you begin.

Woven cotton fabric

Matching thread

Paper for template

Ruler

Fabric chalk or
washable marker

Fabric scissors
or rotary cutter

Pins or clips

Iron and
ironing board

Sewing machine

Plastic or
metal snaps

Snap setting pliers

Lightweight fusible
interfacing

Best fabrics:
quilting cotton, cotton poplin,
chambray, or lightweight linen blend.

Use snaps that are smooth and secure.
Plastic snaps are especially
beginner-friendly.

Trace and Cut the Fabric

Transfer your paper template to the fabric and cut the reinforcement pieces.

- 1.** Place the template on the wrong side of the fabric.

- 2.** Trace around the triangle with chalk.

- 3.** Cut 1 fabric triangle.

- 4.** Cut 2 interfacing squares, each 1.5 in x 1.5 in.

NOTE

These interfacing squares will reinforce the snap ends.

TIP

Cut on a single fabric layer for the most accurate shape.

First Fold: Press All 3 Edges

Fold the top edge and both slanted sides to the wrong side by 1/4 inch.

4 Fold the top straight edge down by 1/4 in and press.

1 Fold one slanted side by 1/4 in and press.

2 Fold the second slanted side by 1/4 in and press.

3 Shape the bottom point carefully so it lies flat.

Steam helps the folds stay sharp and makes the final hem easier to sew.

Second Fold & Stitch the Hem

Fold the same edges in once more, then topstitch around the bandana.

STEPS

- 1 Fold the same edges in another 1/4 in.
- 2 Clip or pin the folds in place.
- 3 Topstitch about 1/8 in from the inner folded edge.
- 4 Backstitch at the beginning and end.

BOTTOM POINT DETAIL

TOP EDGE DETAIL

After the second fold, all raw edges should be fully hidden.

Reinforce and Attach the Snaps

Strengthen the neck ends, mark the snap positions, and install the snaps.

1

Fuse a 1.5 in x 1.5 in interfacing square to the wrong side behind each top end.

2

On the left end, mark female snap centers at 1 in, 3 in, and 5 in from the end.

3

On the right end, mark 1 male snap center at 1 in from the end.

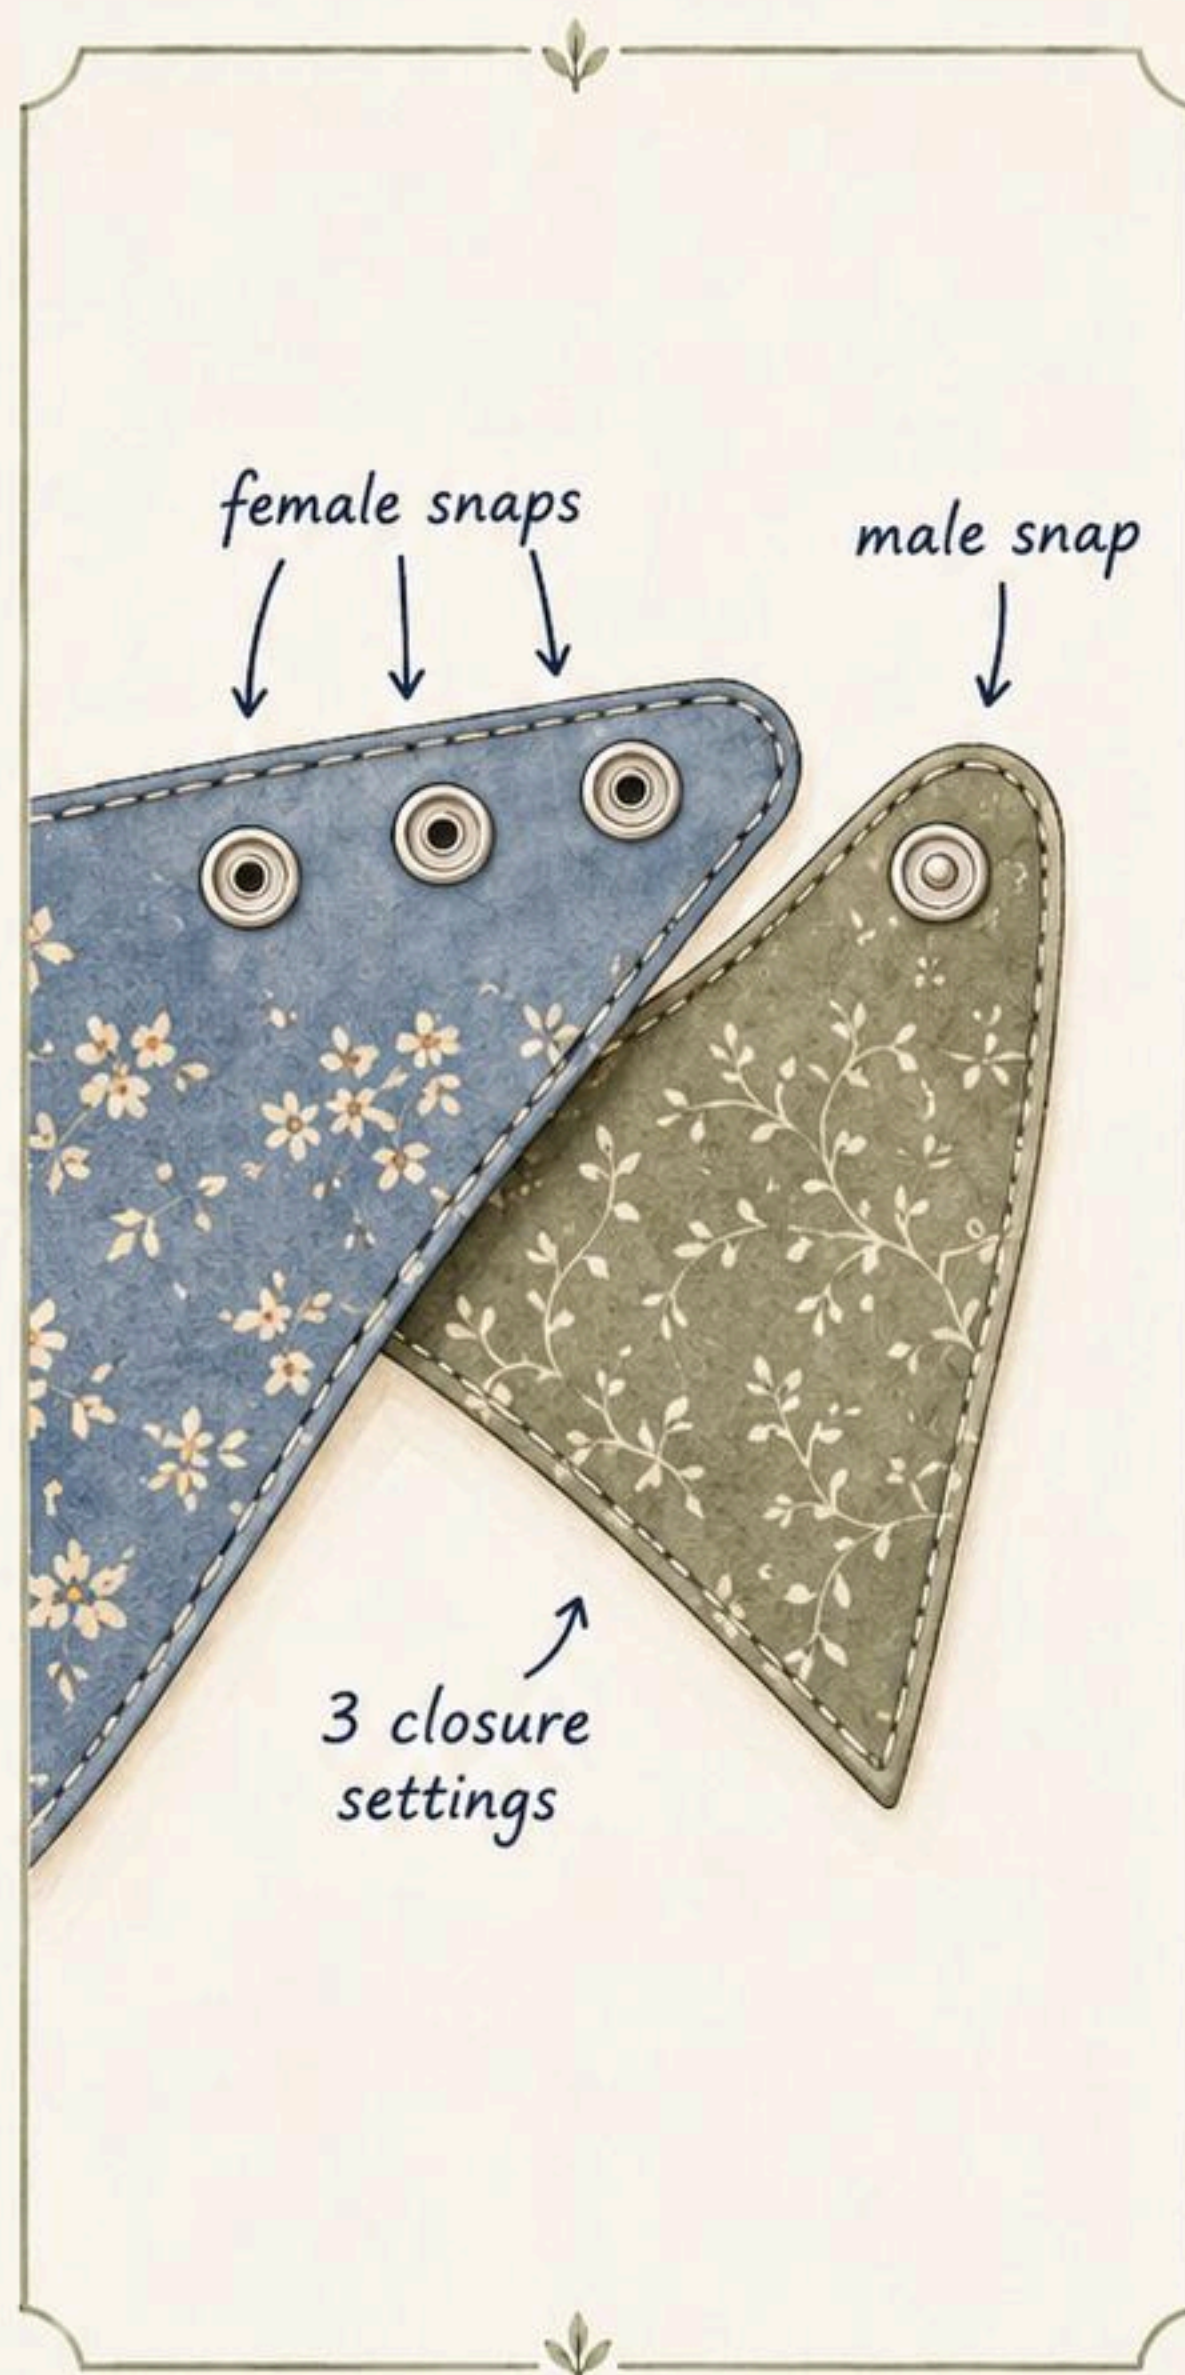

4

Use snap pliers to install the snaps.

5

Check that the snaps line up and close smoothly.

Install the decorative snap caps on the outside and the mating parts on the inside so the bandana closes neatly.

Close and Fit the Bandana

Choose the snap setting that gives a comfortable fit.

1

.....
Wrap the bandana
around the neck and
overlap the snap ends.

2

.....
Choose the snap
position that fits the
size range.

3

.....
Check that the point
hangs centered
at the front.

The neck band
should feel secure but
not tight. You should
still be able to slide
2 fingers underneath.

SIZE REMINDER

Choose Small for 10–14 in necks,
Medium for 14–18 in,
and Large for 18–22 in.
