

Mini Bow Tie Set

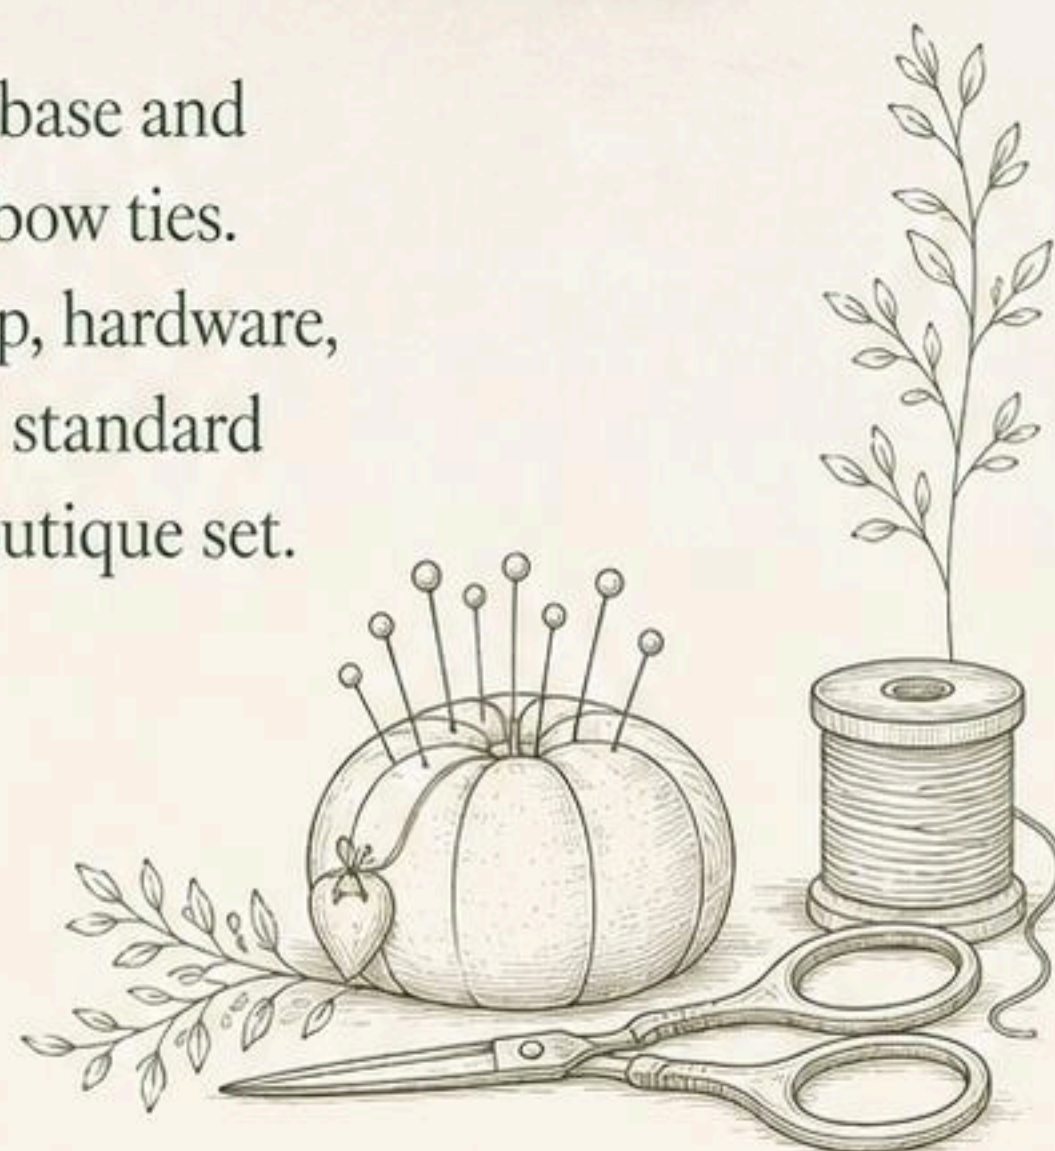

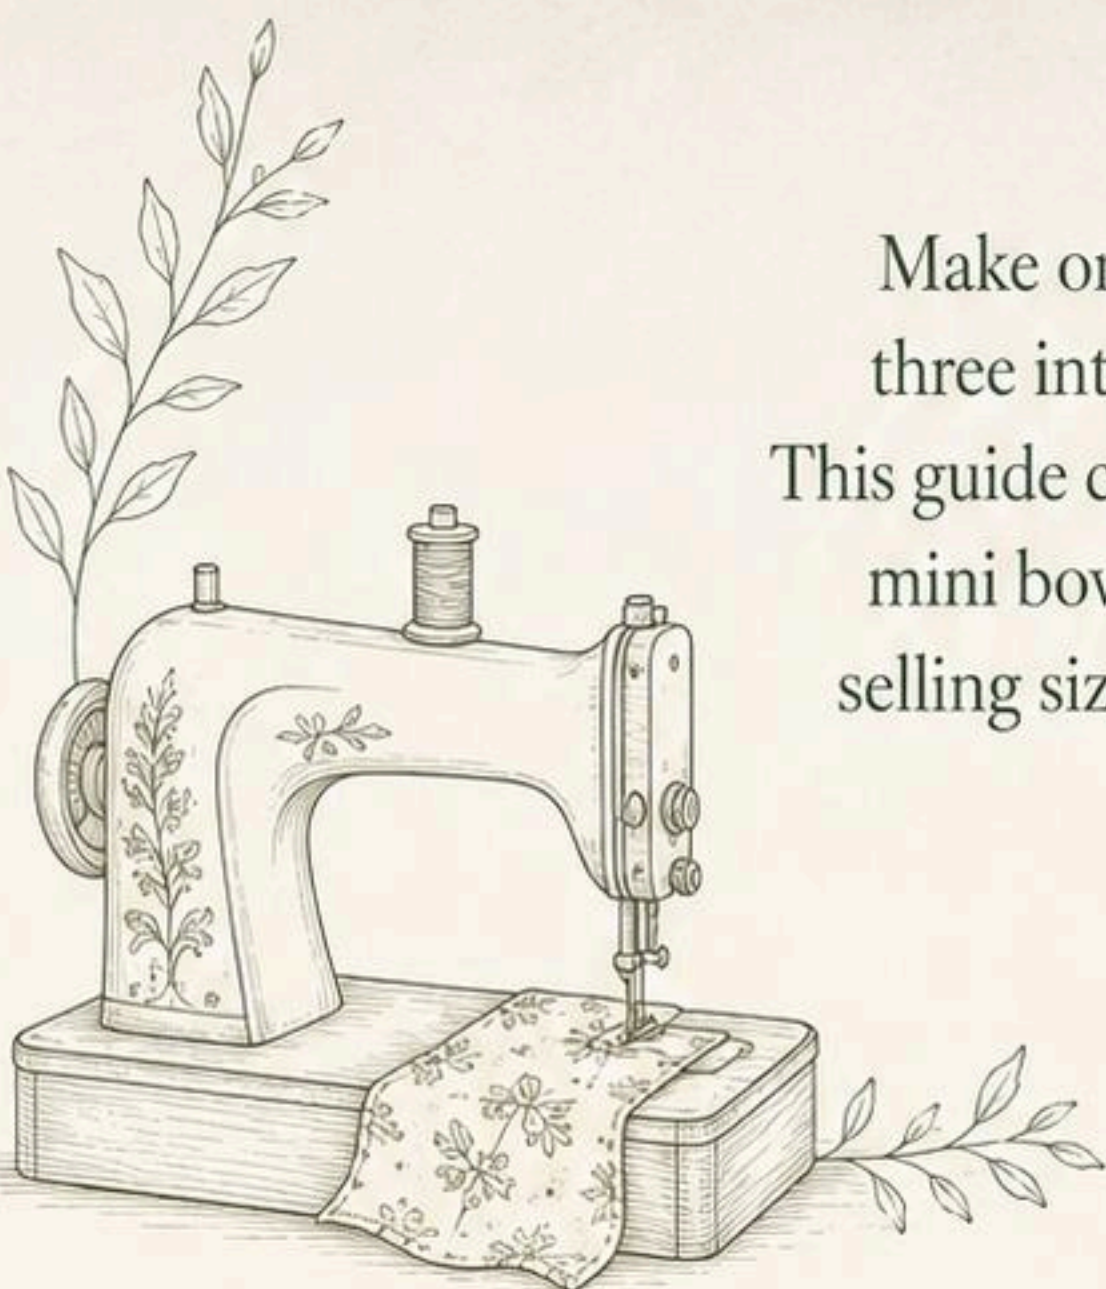

ADJUSTABLE DOG COLLAR SEWING GUIDE

Sizes: Small 10–14 in • Medium 14–18 in • Large 18–22 in

10-Page Tutorial

Make one adjustable collar base and three interchangeable mini bow ties. This guide covers the collar strap, hardware, mini bow construction, and standard selling sizes for a polished boutique set.

Tools, Materials & Finished Design

Before you sew, gather strong materials and review the finished set.

You'll Need

- Outer fabric for the collar base

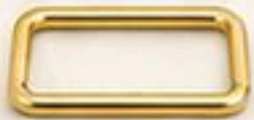

- Three coordinating fabrics for the mini bows

- 1" nylon webbing

- 1" side-release buckle

- 1" triglide slider

- 1" D-ring

- Medium fusible interfacing for the bows

- Six 1" elastic pieces for the three removable bows

- Matching thread

- Clips

- Ruler

- Iron

- Sewing machine

Finished Design

Gold hardware

Adjustable collar base

Mini bow 1

Mini bow 2

Mini bow 3

Dual elastic loops on back of each bow

Seller tip: Use coordinating scraps to create a set of three bows customers can swap for different looks.

Size Chart & Cut List

Use these standard selling sizes for the collar base and three mini bows.

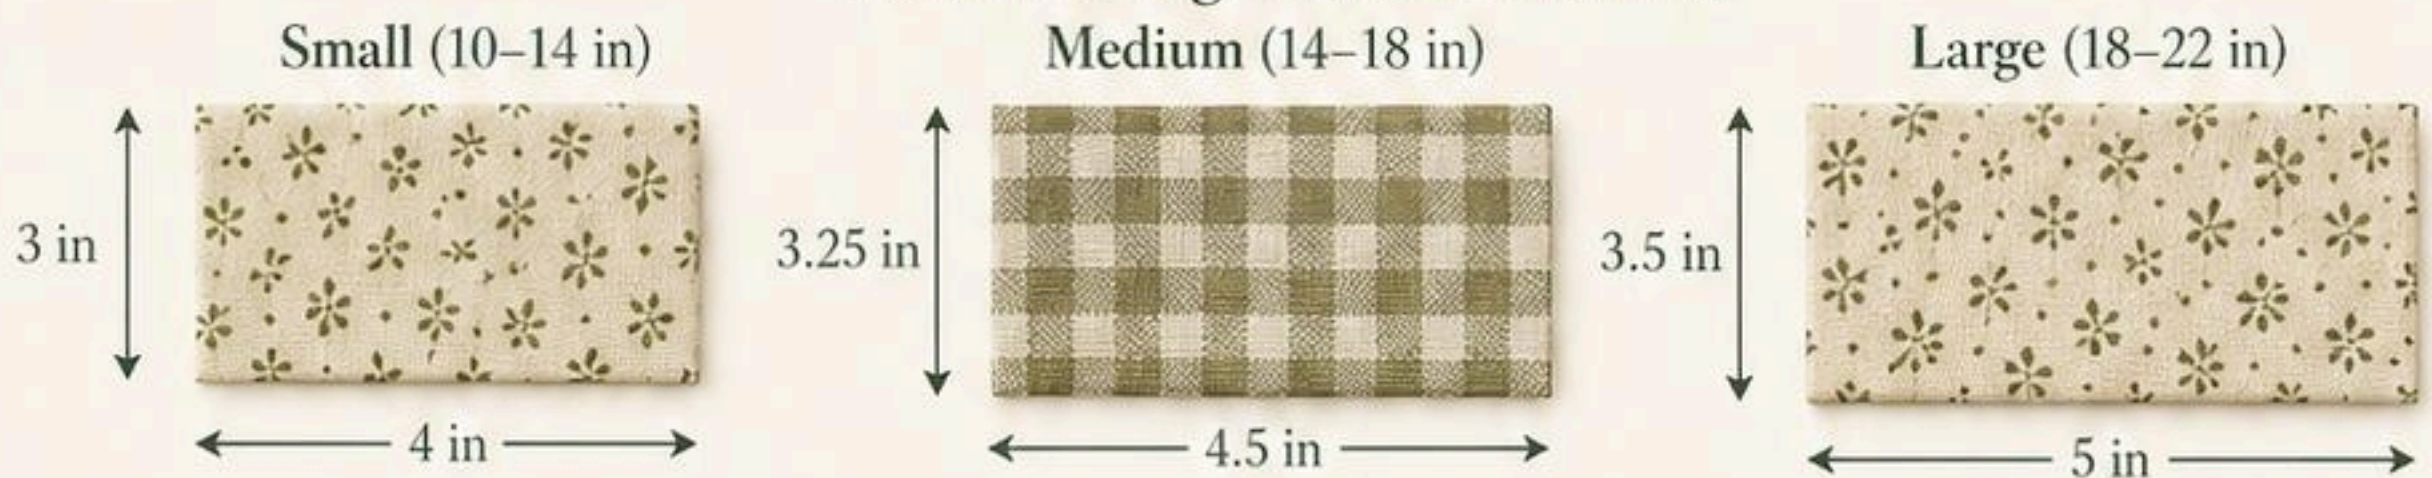

Measurement / Piece	Small (10–14 in)	Medium (14–18 in)	Large (18–22 in)
Neck range	10–14 in	14–18 in	18–22 in
Nylon webbing	22 in	26 in	30 in
Fabric strip to cover webbing	23 x 3 in	27 x 3 in	31 x 3 in
Bow rectangles (cut 6 for 3 bows)	4 x 3 in	4.5 x 3.25 in	5 x 3.5 in
Center bands (cut 3)	1.5 x 3.5 in	1.75 x 4 in	2 x 4.5 in
Elastic loops (cut 6, all 1 in wide)	2.75 in	3 in	3.25 in

Pattern Pieces

Collar Strip (cut 1)

Bow Rectangles (cut 6 for 3 bows)

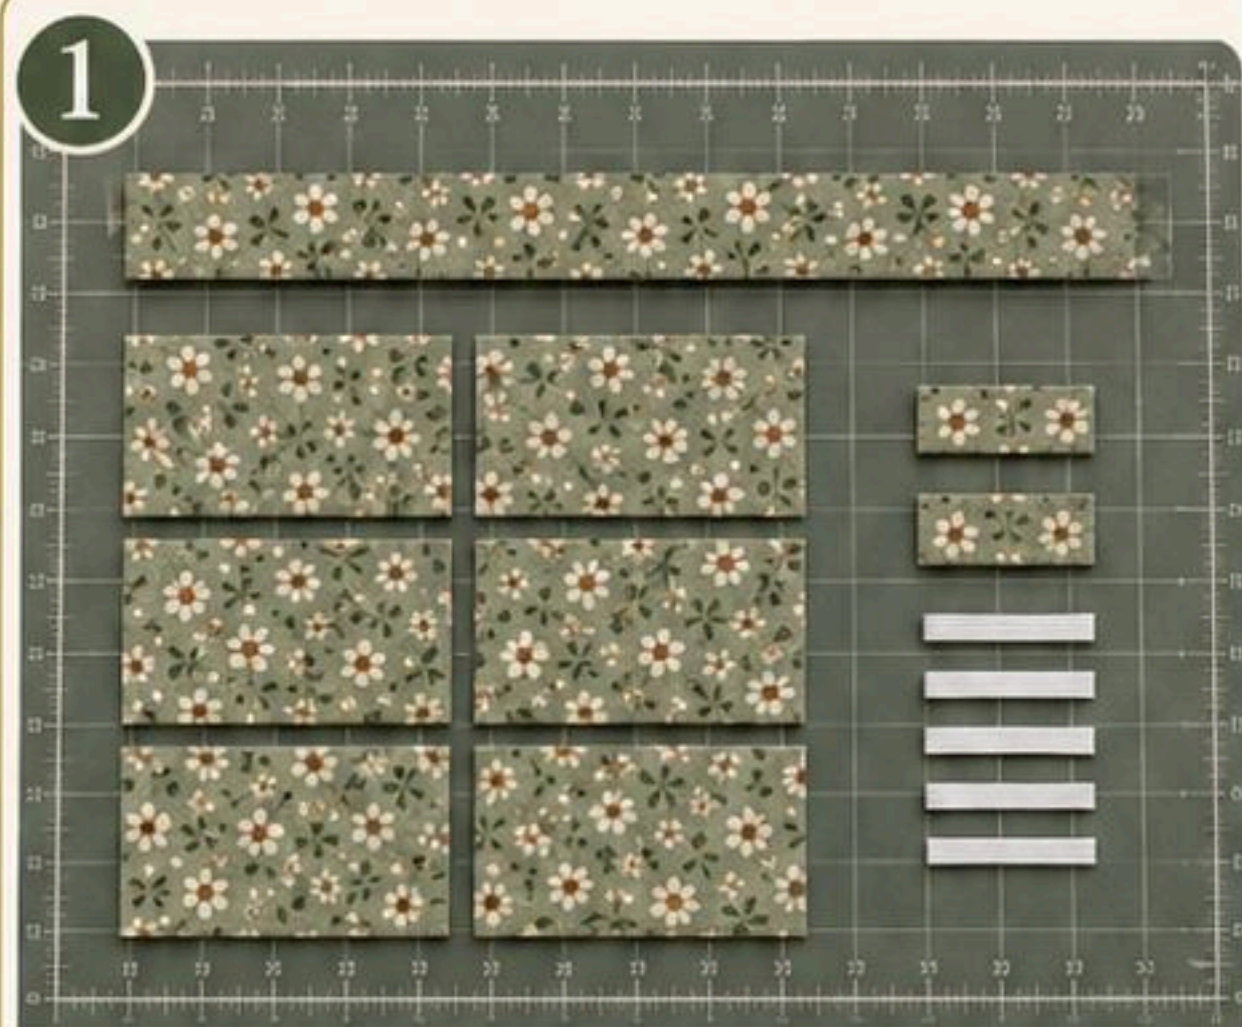

Center Band (cut 3)

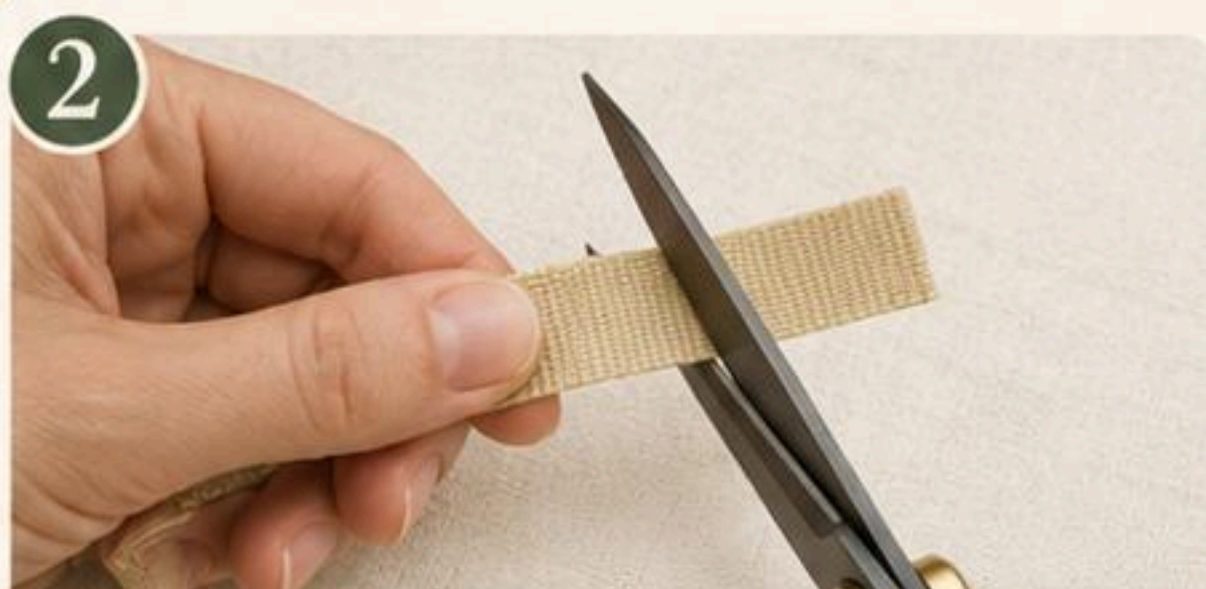

All seam allowances are 1/4 in unless noted.

Cut & Prepare the Pieces

Accuracy at this stage makes the collar and mini bows look polished.

1 Cut the collar strip, six bow rectangles, three center bands, and six elastic pieces according to the size chart.

2 Cut the nylon webbing to length. Carefully heat-seal both ends to stop fraying.

3 Fuse interfacing to one bow rectangle for each bow and to all three center bands.

4 Fold both long raw edges 1/2 in toward the center and press. Then fold the strip in half lengthwise and press flat.

Tip: Keep the pieces for each bow grouped together so assembly goes faster.

Build the Collar Strap

Cover the webbing to create a strong, neat collar base.

1 Insert the webbing.

Slide the 1 inch nylon webbing inside the pressed fabric strip until it is centered.

2 Tuck the ends.

Fold each short end under by 1/2 in so no raw edges show.

3 Clip closed.

Use sewing clips to hold the fabric closed neatly around the webbing.

4 Topstitch both edges.

Topstitch close to both long edges to secure the fabric and create a polished finish.

Finished Collar Strap

Keep stitches straight and parallel for a boutique finish.

Add the Hardware

Thread the buckle, D-ring, and triglide in the correct order to create an adjustable collar.

- 1 Thread one end of the strap through the triglide slider and fold back 1.5 in; stitch securely.

- 2 Thread the opposite end through the male side-release buckle and stitch a secure box-X.

- 3 Thread the free end through the D-ring, then through the female side-release buckle.

- 4 Bring the free end back through the triglide to create the adjustable tail.

Finished Collar

Check that the collar adjusts smoothly to the correct range:

S 10–14 in

M 14–18 in

L 18–22 in

Sew the Mini Bows

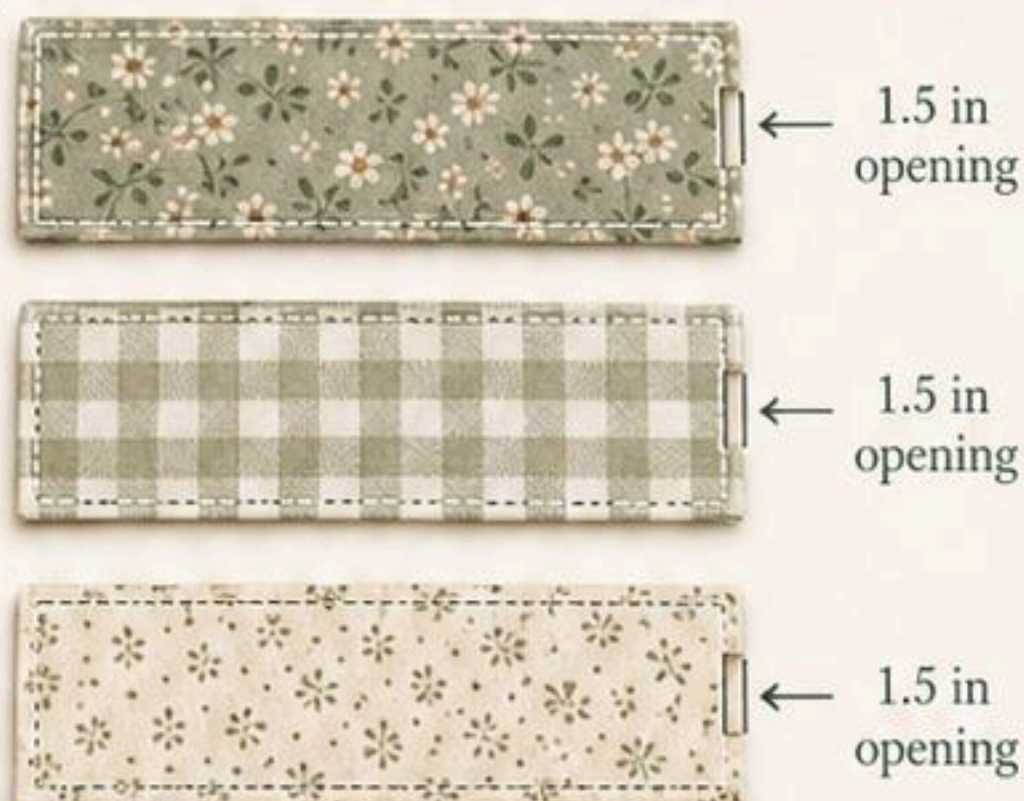

Construct all three bow bodies before adding the center bands.

1 Pair the fabrics.

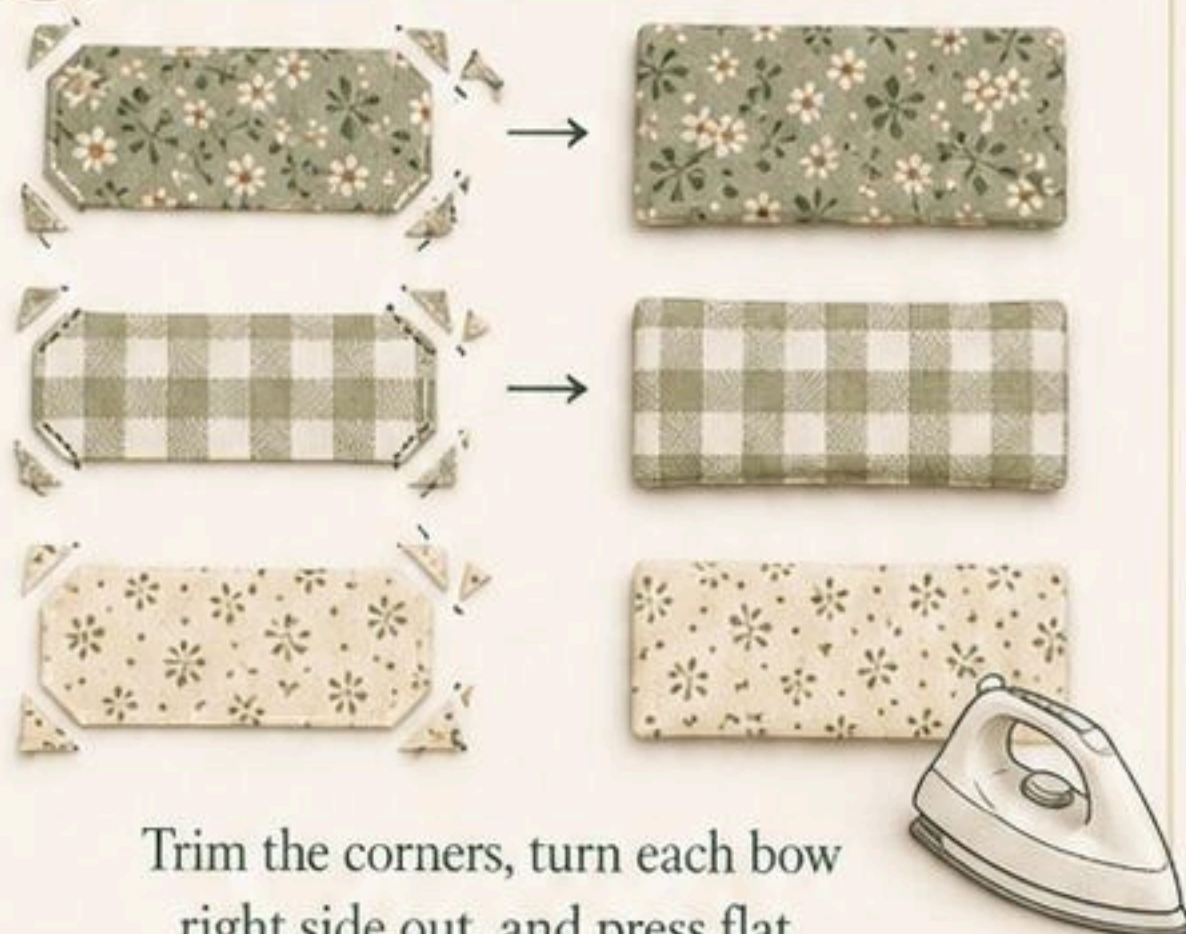

Place each pair of bow rectangles right sides together, aligning all edges.

2 Sew around the edges.

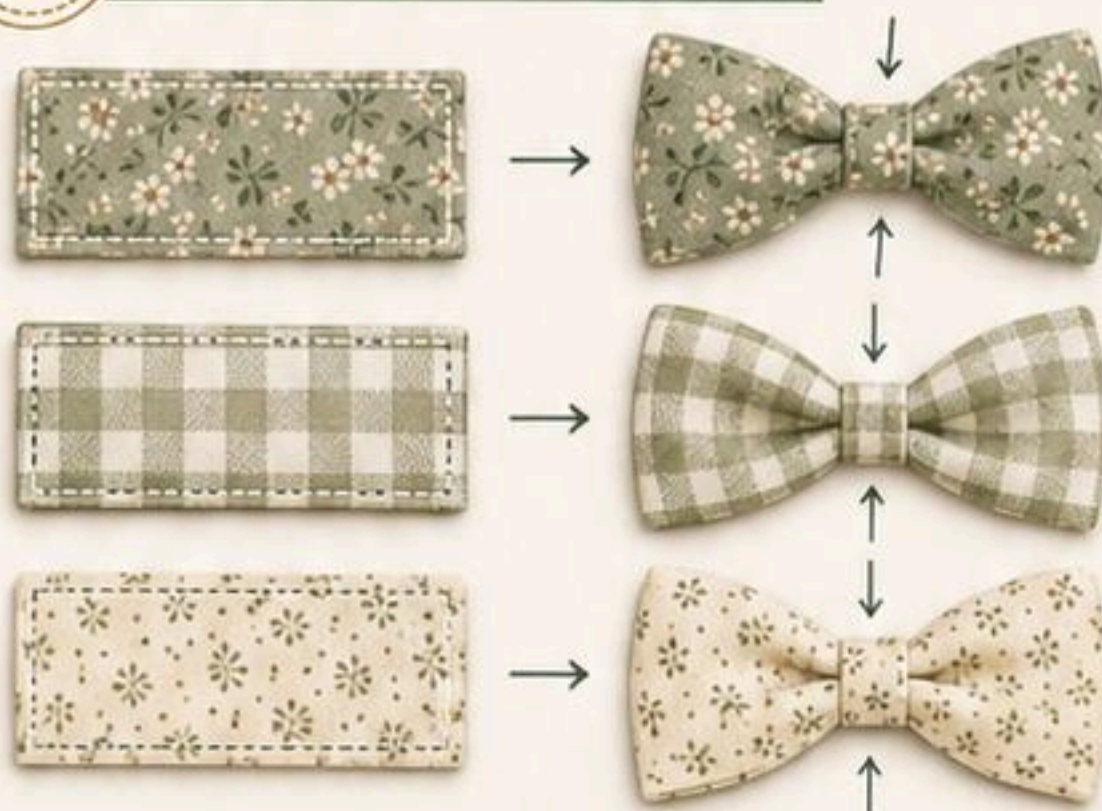

Sew around all four sides, leaving a 1.5 in opening on one long side of each bow.

3 Trim, turn & press.

Trim the corners, turn each bow right side out, and press flat.

4 Topstitch & shape.

Topstitch around each bow, then pinch the center to create a balanced mini bow shape.

Tip: Chain-sew the three bows to save time when making full sets.

Make the Center Bands & Back Loops

These parts hold each mini bow together and let it slide onto the collar.

Sew the six elastic pieces into three matching pairs of loops.

Fold each center band long edges inward, fold in half, and stitch to make neat finished strips.

Place one pair of elastic loops on the back of each bow, spaced evenly from the center.

Wrap each center band around the bow center and loops, then hand stitch it closed neatly on the back.

Evenly spaced loops keep each mini bow centered and stable on the collar.

Attach the Bows & Check the Sizes

Slide the removable bows onto the collar and confirm the finished measurements.

1. Unthread one end of the collar.

Unthread one end of the collar enough to slide the strap through both elastic loops on the back of the bow.

2. Reassemble and center the bow.

Reassemble the collar and adjust the bow so it sits centered on the strap.

3. Measure the finished adjustment range.

Use a soft tape measure to check the smallest and largest neck sizes.

Finished Selling Sizes

Size	Neck (adjustable)	Bow (approx.)
Small	10–14 in	3.5 x 2.25 in
Medium	14–18 in	4 x 2.5 in
Large	18–22 in	4.5 x 2.75 in

Seller note:

Tag the collar base by size and package the three mini bows together as one set.

Finished Mini Bow Tie Set & Quality Check

Your mini bow tie collar set is ready to photograph, label, and sell.

❖ Back View ❖

Each removable bow slides on and off the collar for easy styling.

Quality Check Checklist

- ✓ Stitches are straight
- ✓ Hardware is secure
- ✓ Bow is centered
- ✓ No raw edges visible
- ✓ Adjustment range is correct
- ✓ All three bows are included

Care:

Spot clean, reshape the bows after washing, and air dry flat.

This set gives sellers one collar base with three quick boutique styling options.
