WHAT MAKES IT NO-SEW

Fabric glue or fusible
adhesive instead of stitching

Removable slide-on bow
for a 1 in collar

Single-layer
classic bow shape

Beginner-friendly
quick assembly

A STEP-BY-STEP SEWING GUIDE

Size Chart

3 STOCK SIZES FOR A NO-SEW BOW TIE COLLAR SLIDE

Because this is a fixed-size collar setup, the finished inside circumference is the true collar size. The bow slide fits a 1 in collar strap.

SIZE	NECK CATEGORY	FINISHED INSIDE CIRCUMFERENCE	COLLAR WIDTH	FINISHED BOW	SLIDE SLEEVE
SMALL	10–14 in neck category	12 in	1 in	4 in x 2.5 in	Fits 1 in collar
MEDIUM	14–18 in neck category	16 in	1 in	4.75 in x 3 in	Fits 1 in collar
LARGE	18–22 in neck category	20 in	1 in	5.5 in x 3.25 in	Fits 1 in collar

FLAT OPEN VIEW

FINISHED BOW (FRONT)

BOW (BACK)

- Bow slides onto the collar through the back sleeve.
- All versions fit a 1 in collar strap.

CLOSED VIEW (MEASURE HERE)

Measure the inside of the closed collar following the path shown.

SELLER TIP — Label and sell your collar sets by *finished inside size*: 12 in, 16 in, and 20 in.

A STEP-BY-STEP SEWING GUIDE

Materials + Cutting Chart

NO SEWING MACHINE REQUIRED — USE FABRIC GLUE OR FUSIBLE ADHESIVE.

MATERIALS CHECKLIST

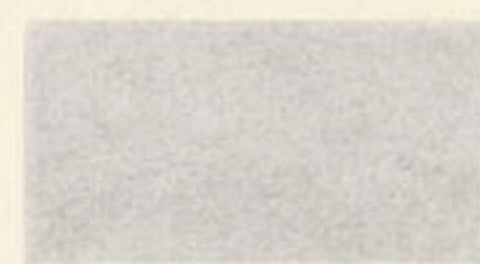

- Outer bow fabric
- Bow lining fabric
- Lightweight woven fusible interfacing
- Double-sided fusible adhesive or fabric glue
- Center band fabric
- Slide sleeve fabric
- 1 in finished collar base
- Matching thread only for styling display (optional)
- Fabric clips
- Press cloth
- Low-heat iron
- Ruler
- Fabric marker
- Scissors

SIZE	BOW OUTER	BOW LINING	BOW INTERFACING	CENTER BAND	SLIDE SLEEVE
SMALL	5 in x 3.5 in	5 in x 3.5 in	4.5 in x 3 in	3 in x 2 in	3 in x 2.5 in
MEDIUM	5.75 in x 4 in	5.75 in x 4 in	5.25 in x 3.5 in	3.25 in x 2 in	3 in x 2.5 in
LARGE	6.5 in x 4.25 in	6.5 in x 4.25 in	6 in x 3.75 in	3.5 in x 2.25 in	3 in x 2.5 in

WHY THE SLEEVE STAYS THE SAME

The slide sleeve fits every size because every collar is 1 in wide.

ADHESIVE TIP

Use a thin, even line of glue or a narrow fusible strip so the bow stays crisp and flat.

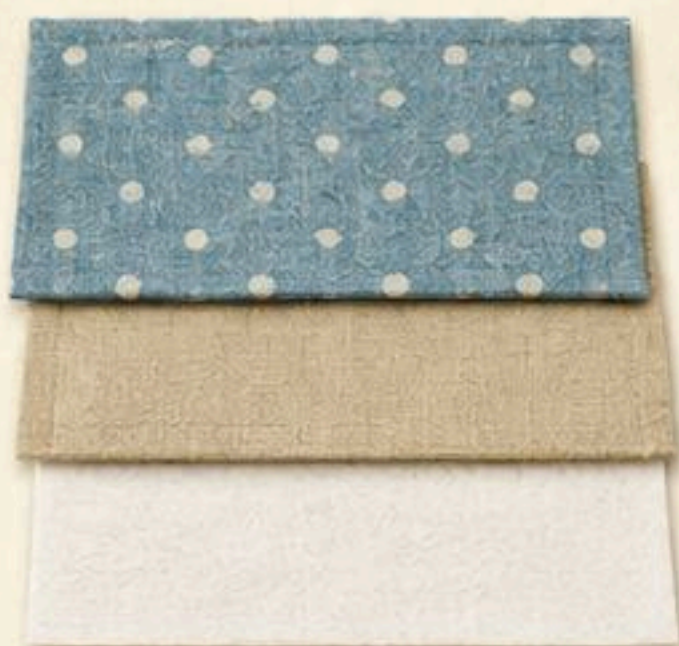

A STEP-BY-STEP SEWING GUIDE

Prepare the Bow Pieces

CUT THE FABRIC PIECES AND PREP THE OUTER RECTANGLE FOR NO-SEW ASSEMBLY.

1

Cut the bow outer rectangle, bow lining rectangle, and bow interfacing to the size from the cutting chart.

2

Fuse the interfacing to the wrong side of the outer bow rectangle using a press cloth and low heat.

3

Mark a 1/4 in fold line around all four edges of both rectangles.

4

Apply a narrow line of fabric glue or thin fusible adhesive close to the fold area so the edges can be turned in cleanly.

RESULT: PREPPED BOW PIECES

Interfaced outer layer

Matching lining

Edges ready to fold

TIP — Keep glue away from the visible front face so the finished bow stays smooth.

A STEP-BY-STEP SEWING GUIDE

Bond the Bow Rectangle

TURN THE RAW EDGES INWARD AND BOND THE OUTER AND LINING PIECES TOGETHER WITHOUT STITCHING.

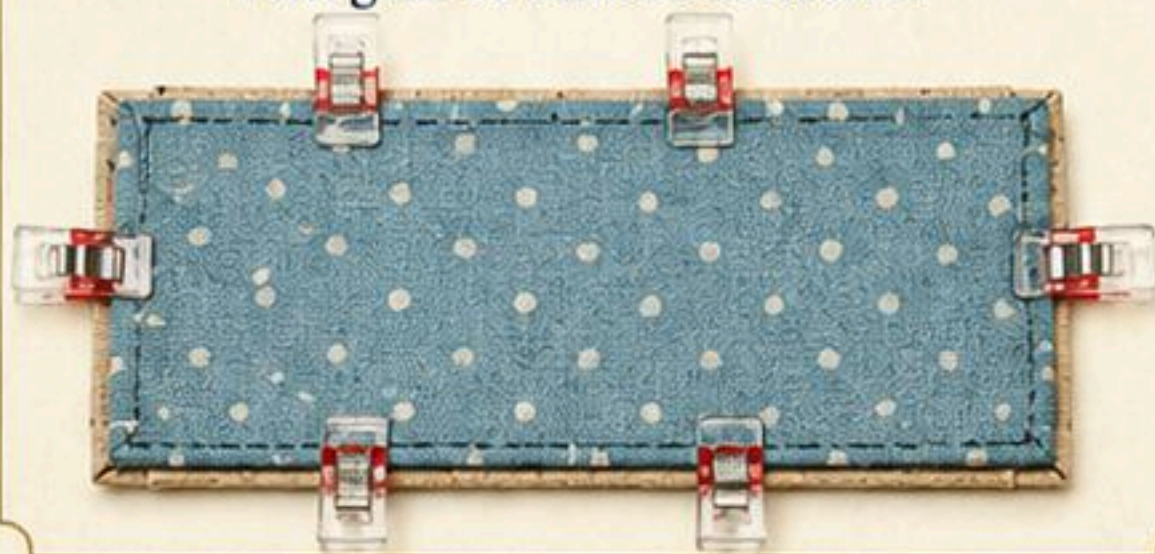

- 1** Fold all four edges of the outer rectangle inward by 1/4 in and press or clip them neatly.

- 2** Fold all four edges of the lining rectangle inward by 1/4 in and press or clip them neatly.

- 3** Place the two rectangles wrong sides together with the folded edges aligned and bond them with glue or fusible adhesive.

- 4** Press flat and let the bonded rectangle cool or dry completely before shaping.

EDGE DETAIL

FLAT FINISHED RECTANGLE

❖ RESULT: FLAT NO-SEW BOW RECTANGLE ❖

TIP — Use clips while drying so the edges stay even and square.

A STEP-BY-STEP SEWING GUIDE

Shape the Bow Body

FORM THE CLASSIC BOW SHAPE BY PLEATING THE CENTER OF THE FINISHED RECTANGLE.

1

Find the center of the finished bow rectangle and mark it lightly.

2

Pinch the rectangle into neat accordion pleats so both sides look even.

3

Add a tiny dot of fabric glue at the back center to hold the pleats temporarily.

4

Clip the center until the glue sets and check that both bow wings match.

BOW FRONT VIEW

SYMMETRY CHECK

- ✓ Center pinch aligned
- ✓ Both sides evenly spread
- ✓ Pleats soft but stable

RESULT: SHAPED BOW BODY

TIP — Keep the center pinch snug, but do not flatten the bow too much.

A STEP-BY-STEP SEWING GUIDE

Make the Center Band

CREATE THE SMALL CENTER WRAP THAT HOLDS THE BOW SHAPE AND COVERS THE BACK JOIN.

- 1** Cut the center band strip to the size from the cutting chart.

- 2** Fold both long edges inward toward the center and press them flat.

- 3** Fold the strip again into a narrow finished band and bond it with glue or fusible adhesive.

- 4** Test-wrap the band around the middle of the shaped bow so it sits snugly but is not yet glued closed.

RESULT: FINISHED CENTER BAND

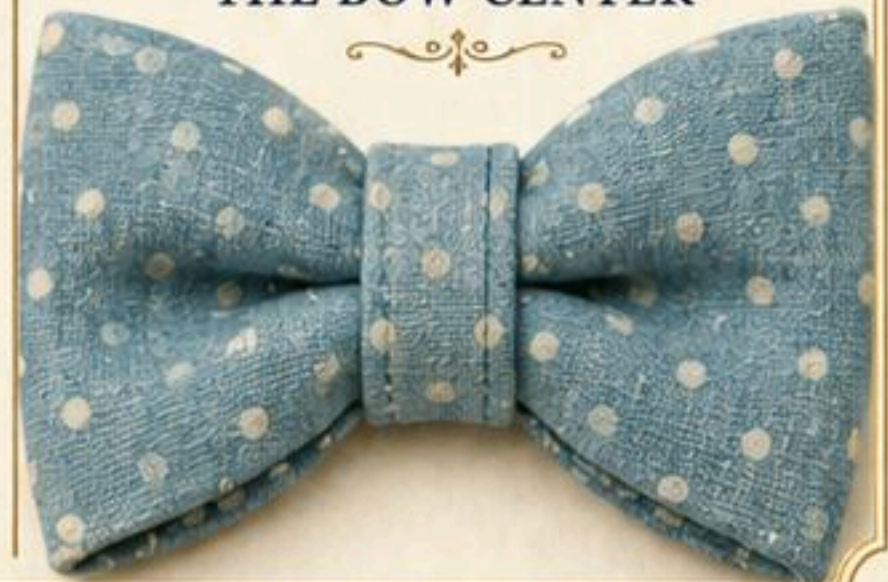

FLAT BAND

NARROW EDGE DETAIL

TEST FIT AROUND THE BOW CENTER

TIP — The center band should be snug enough to hold the shape without crushing the bow.

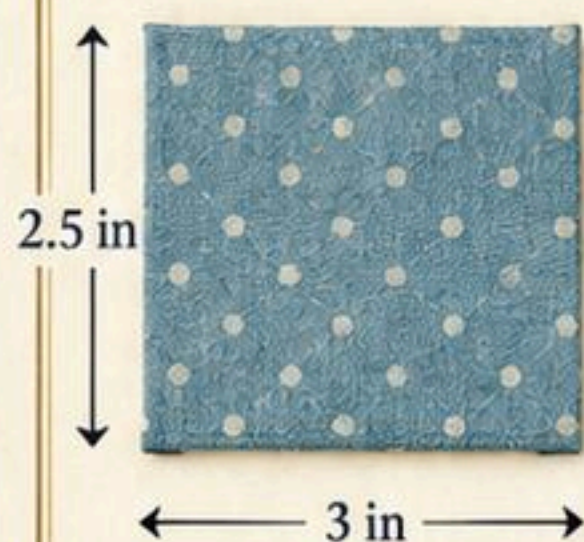

A STEP-BY-STEP SEWING GUIDE

Make the Slide Sleeve

BUILD THE BACK LOOP THAT LETS THE BOW SLIDE ONTO A 1-INCH COLLAR.

1

Cut the slide sleeve strip to 3 in x 2.5 in.

2

Fold both long edges inward by about 1/4 in and bond them neatly.

3

Wrap the strip around a 1 in spacer or ruler with a little ease so the finished inside opening will slide smoothly.

4

Glue the overlap at the back to create a small loop and let it dry flat.

SLEEVE DETAILS

finished loop

inside opening fits 1 in collar

back overlap seam

RESULT: SLIDE SLEEVE

TIP — Leave just a little clearance so the bow slides on easily but does not wobble too much.

A STEP-BY-STEP SEWING GUIDE

Assemble the Bow + Install on Collar

JOIN THE BOW BODY, SLIDE SLEEVE, AND CENTER BAND TO CREATE THE FINISHED REMOVABLE ACCESSORY.

- 1** Place the finished slide sleeve at the back center of the shaped bow body.

- 2** Wrap the finished center band around both the bow and the sleeve.

- 3** Glue the center band closed at the back, covering the sleeve neatly, and let it set.

- 4** Slide the finished bow onto the collar and center it on the front.

BACK VIEW

The sleeve is secured under the center band.

FRONT VIEW

The bow is installed neatly and centered on the collar.

RESULT: NO-SEW BOW TIE COLLAR SLIDE

TIP — Check that the bow is centered and that the sleeve stays straight behind it.

A STEP-BY-STEP SEWING GUIDE

Finished Product + QC

CHECK THE FINAL BOW SLIDE, CONFIRM FIT, AND PREP IT FOR SELLING.

- 1** Let all glued areas cure fully.

- 2** Slide the bow onto the collar.

- 3** Center the bow on the front.

- 4** Inspect the final finish.

QC CHECKLIST

- ☐ Edges bonded neatly
- ☐ No glue visible on front
- ☐ Bow shape centered
- ☐ Center band secure
- ☐ Sleeve opening fits 1 in collar
- ☐ Bow slides on smoothly
- ☐ Inside circumference matches size
- ☐ Finished look is clean and symmetrical

SELLER NOTES

- Stock this pattern in 3 finished collar sizes: 12 in, 16 in, and 20 in.
- List it as a removable no-sew bow tie collar slide.
- Mention that the bow can be removed for style changes.
- Show front and back listing photos.
- Allow glue to cure fully before packaging.

CARE — Spot clean only. Air dry flat. Avoid soaking the glued bow.
