

Oversized Statement Bow Tie

ADJUSTABLE DOG COLLAR SEWING GUIDE

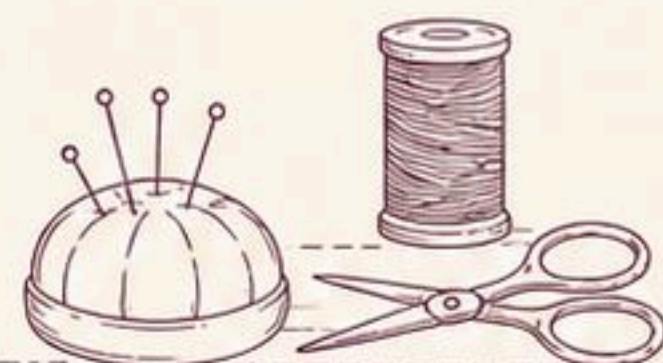

Sizes: Small 10–14 in • Medium 14–18 in • Large 18–22 in

10-Page Tutorial

Make a bold, sellable collar with a removable oversized bow tie. This guide covers the collar base, hardware, bow construction, and three standard selling sizes.

Tools, Materials & Finished Design

— Before you sew, gather strong materials and review the collar structure. —

You'll Need

- Outer fabric: medium-weight cotton or cotton-linen

- 1" nylon webbing

- 1" side-release buckle

- 1" triglide slider

- 1" D-ring

- Medium fusible interfacing for the bow

- Two 1" elastic pieces for the removable bow

Matching thread, clips, ruler, iron, sewing machine

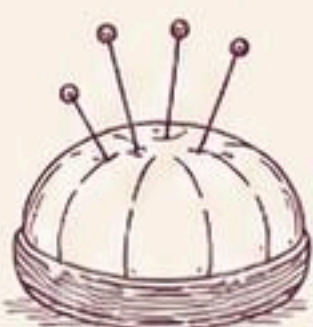

Finished Design

Seller tip:

Prewash fabric, press well, and use strong hardware for a clean boutique finish.

Size Chart & Cut List

Use these standard selling sizes for the collar base and oversized bow.

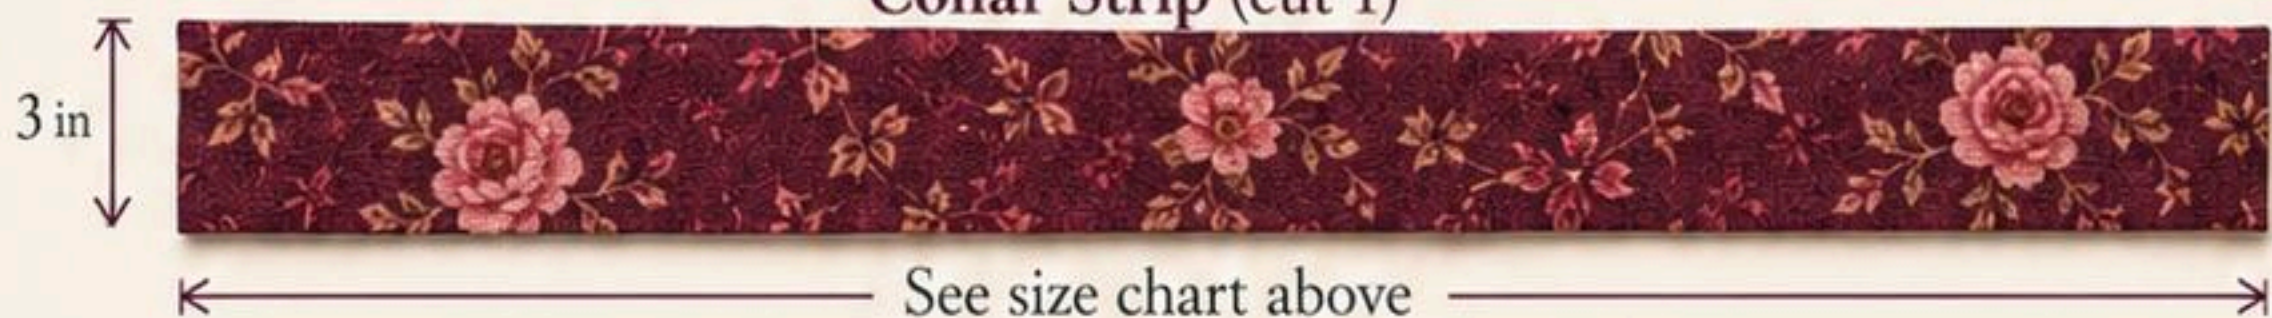

Measurement / Piece	Small (10–14 in)	Medium (14–18 in)	Large (18–22 in)
Neck range	10–14 in	14–18 in	18–22 in
Nylon webbing	22 in	26 in	30 in
Fabric strip to cover webbing	23 x 3 in	27 x 3 in	31 x 3 in
Bow rectangles (cut 2)	5 x 4 in	6 x 4.5 in	7 x 5.25 in
Center band	2 x 4 in	2.25 x 4.5 in	2.5 x 5 in
Elastic loops (cut 2) <i>all 1 in wide</i>	3 in	3.25 in	3.5 in

Pattern Pieces

Collar Strip (cut 1)

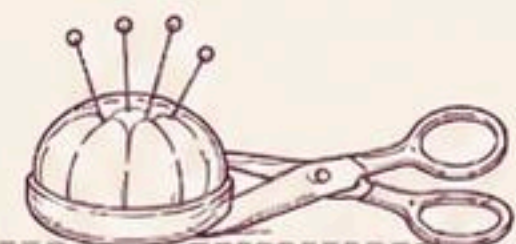

Bow Rectangles (cut 2)

Center Band (cut 1)

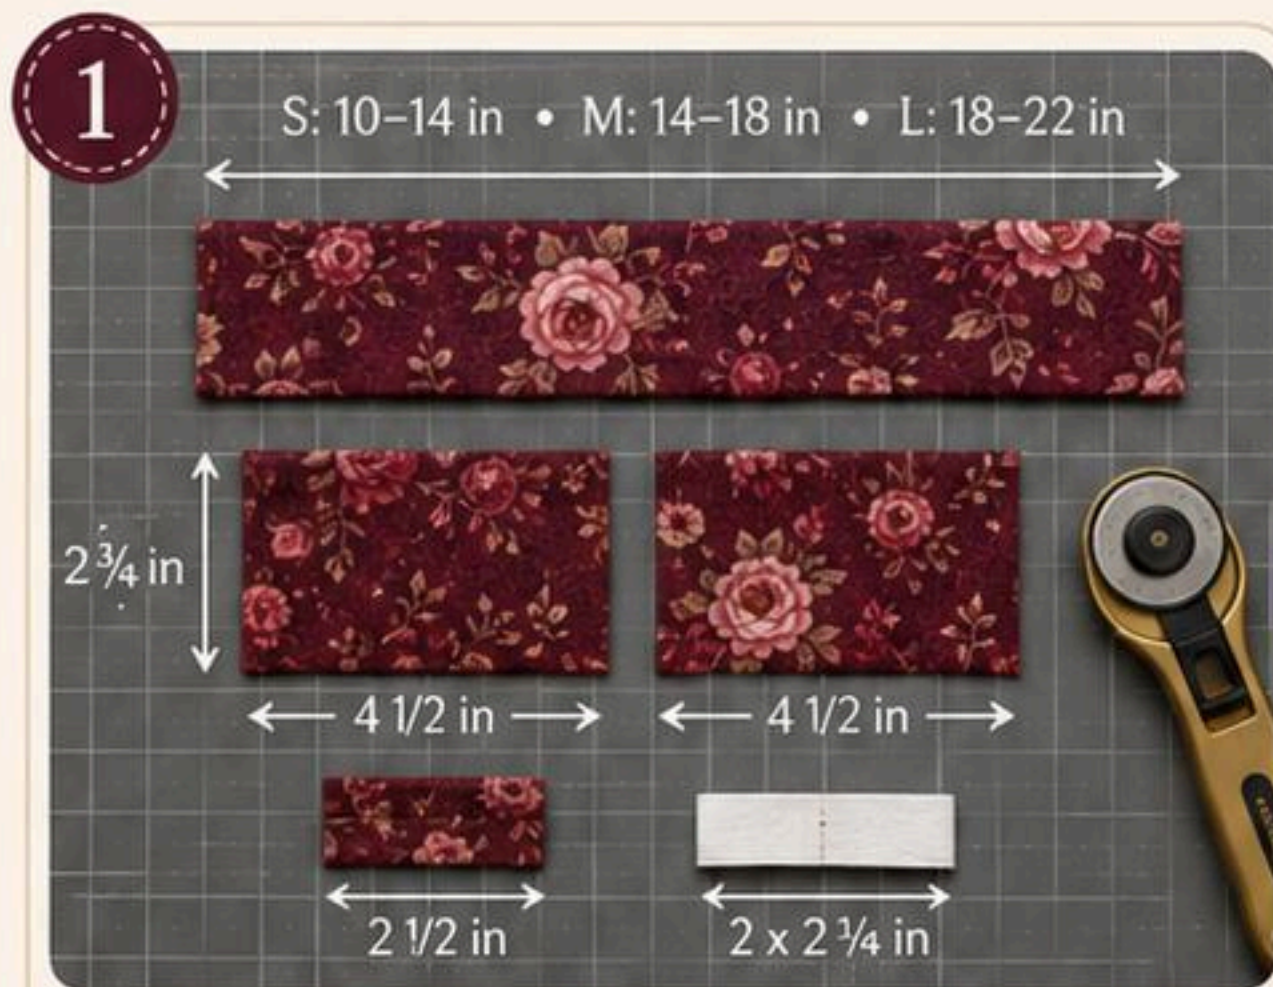

All seam allowances are 1/4 in unless noted.

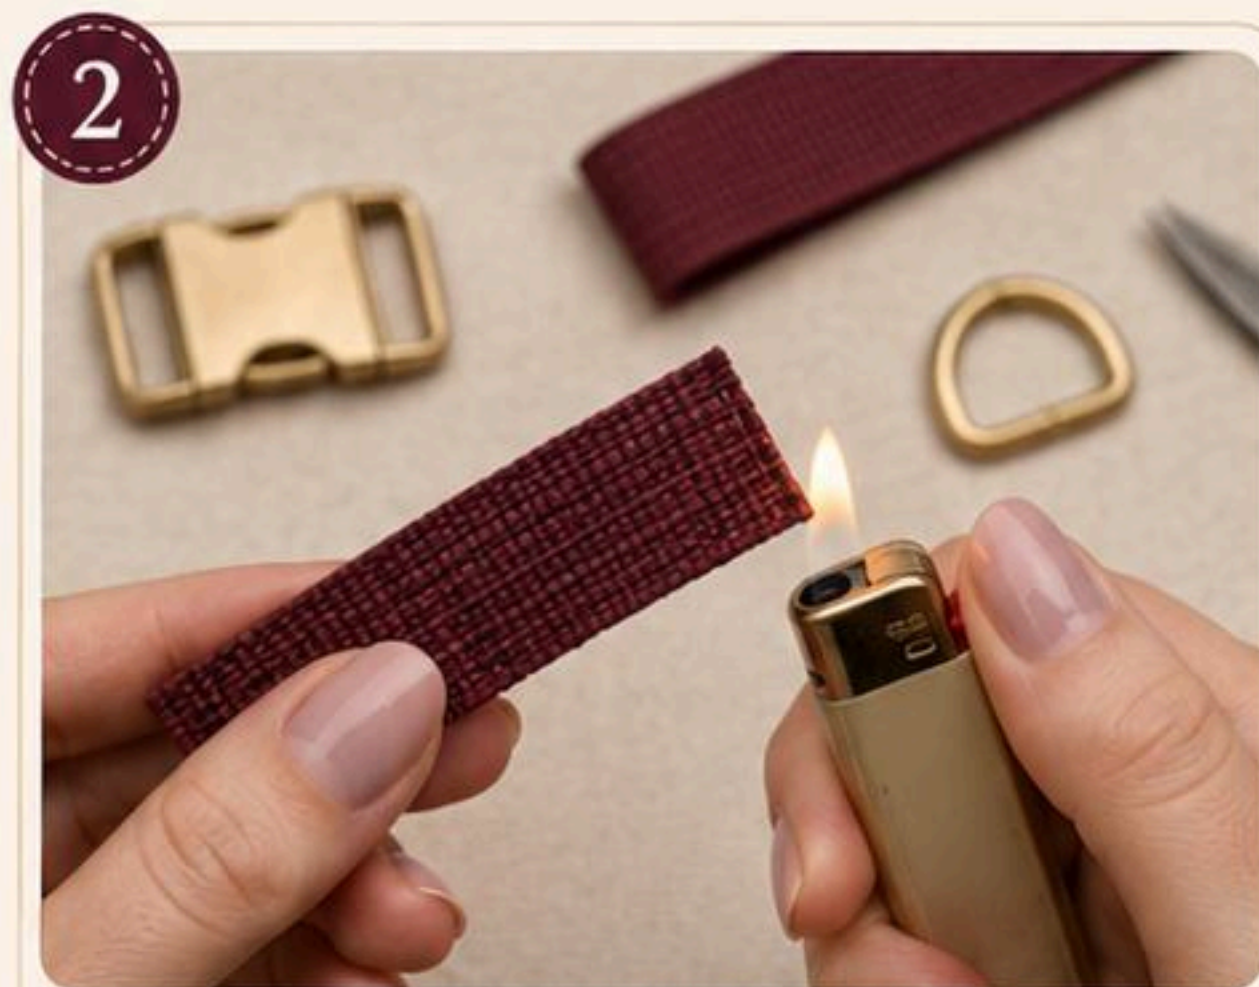

Cut & Prepare the Pieces

Accuracy at this stage makes the collar and bow look polished.

Cut the fabric strip, bow rectangles, center band, and elastic according to the size chart.

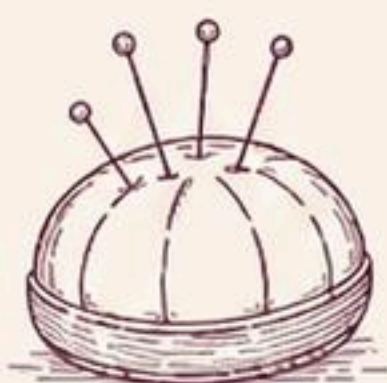

Cut the nylon webbing to length. Carefully heat-seal both ends to stop fraying.

Fuse interfacing to the wrong side of one bow rectangle and the center band.

Fold both long raw edges 1/2 in toward the center and press. Then fold the strip in half lengthwise and press flat.

Tip:

Press every fold sharply for a cleaner final collar.

Build the Collar Strap

— Cover the webbing to create a strong, neat collar base. —

1 Insert the webbing.

Slide the 1" nylon webbing inside the pressed fabric strip until it's centered.

2 Tuck the ends.

Fold each short end under by 1/2 in so no raw edges show.

3 Clip closed.

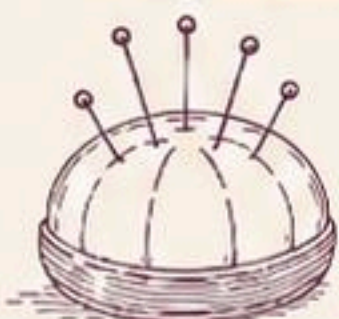

Use sewing clips to hold the fabric closed neatly around the webbing.

4 Topstitch both edges.

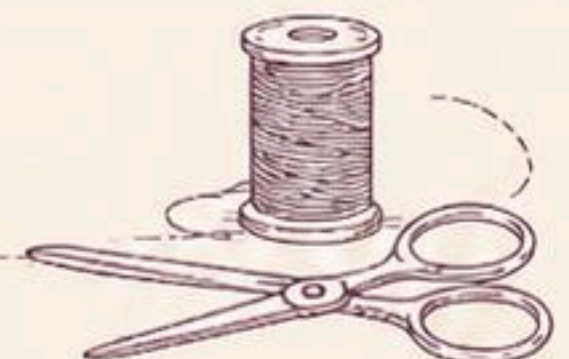

Topstitch close to both long edges, about 1/8 in from the fold, to secure the fabric and create a polished finish.

Finished Collar Strap

Keep stitches straight and parallel for a boutique finish.

Add the Hardware

THREAD THE BUCKLE, D-RING, AND TRIGLIDE
IN THE CORRECT ORDER TO CREATE AN ADJUSTABLE COLLAR.

- 1** Thread one end of the strap through the triglide slider and fold back 1.5 in; stitch securely.

- 2** Thread the opposite end through the male side-release buckle and stitch a secure box-X.

- 3** Thread the free end through the D-ring, then through the female side-release buckle.

- 4** Bring the free end back through the triglide to create the adjustable tail.

FINISHED COLLAR

♥ NOTE:

Check that the collar adjusts smoothly to the correct range:
S 10–14 in, M 14–18 in, L 18–22 in.

Sew the Oversized Bow

— Construct the large statement bow body before adding the center band. —

1 Place Right Sides Together

Place the two bow rectangles right sides together, aligning all edges.

2 Sew Around the Edges

Sew around all four sides with a 1/4 in seam allowance, leaving a 2 in turning opening on one long side.

3 Trim, Turn & Press

Trim the corners to reduce bulk. Turn right side out through the opening and press the bow body flat.

4 Topstitch & Create Folds

Topstitch around the edge for a crisp finish. Pinch the center and create soft accordion folds for a full, balanced shape.

Tip

For a fuller statement shape, keep the center folds soft instead of flattening the bow.

Make the Center Band & Back Loops

THESE PARTS HOLD THE BOW TOGETHER AND LET IT SLIDE ONTO THE COLLAR.

- 1** Sew each elastic piece into a small loop sized to slide over the 1 in collar comfortably.

— back side —

- 2** Fold the center band long edges inward, fold in half, and stitch to make a neat finished strip.

- 3** Place the two elastic loops on the back of the bow, spaced evenly left and right.

← Even →

- 4** Wrap the center band around the bow center and the elastic loops. Hand stitch the band closed neatly on the back.

Evenly spaced loops keep the oversized bow stable and centered.

Attach the Bow & Check the Sizes

SLIDE THE REMOVABLE BOW ONTO THE COLLAR AND CONFIRM THE FINISHED MEASUREMENTS.

1

Unthread one end of the collar.

Unthread one end of the collar enough to slide the strap through both elastic loops on the back of the bow.

2

Reassemble and center the bow.

Reassemble the strap and adjust the bow to the center of the collar.

3

Measure the finished adjustment range.

Use a soft tape measure to check the smallest and largest neck sizes to ensure the collar fits within the target range.

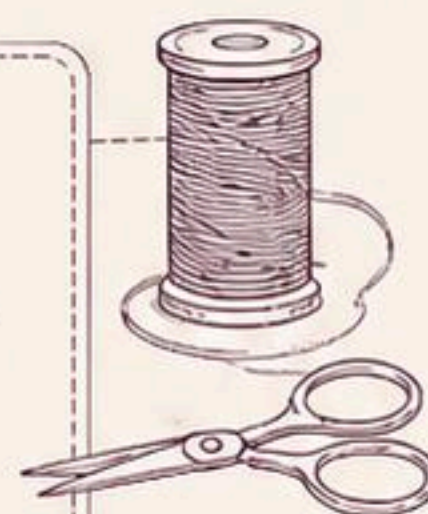

Finished Selling Sizes

Size	Neck (adjustable)	Bow (approx.)
Small	10–14 in	4.5 x 3.5 in
Medium	14–18 in	5.5 x 4 in
Large	18–22 in	6.5 x 4.75 in

Seller note:

Tag each finished collar clearly as S, M, or L.

Finished Collar & Quality Check

YOUR OVERSIZED STATEMENT BOW TIE COLLAR IS READY TO PHOTOGRAPH, LABEL, AND SELL.

Back View

Removable bow with dual elastic loops slides on and off for easy styling.

Care:

Spot clean, reshape the bow after washing, and air dry flat.

Quality Check Checklist

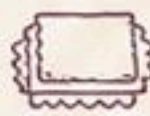

Stitches are straight

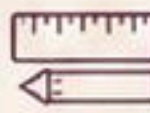

Hardware is secure

Bow is centered

No raw edges visible

Adjustment range is correct

Label by size range

This removable bow design lets sellers offer one collar base with an easy boutique upgrade.
