Finish & adjust

WHAT YOU'LL MAKE

An adjustable fabric-covered collar with embroidered name detail, strong webbing core, and ready-to-sell size ranges.

- ✓ Durable & comfortable
- ✓ Personalized & professional
- ✓ Great for gifts or your shop!

Size System & Cutting Chart

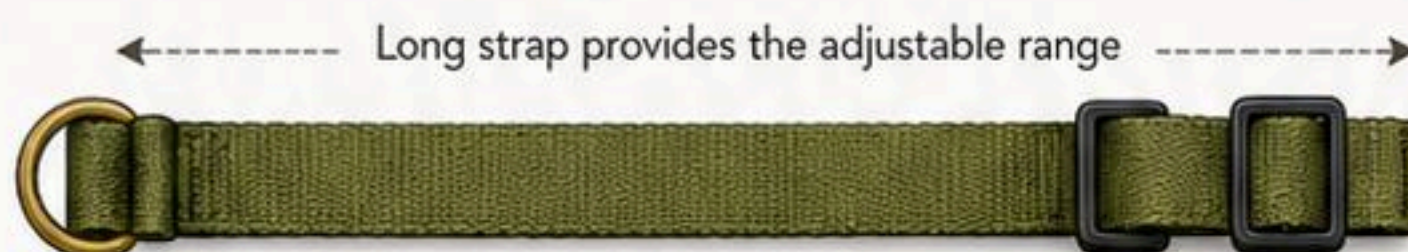

Use these ready-to-sell sizes and cut all pieces before you begin.

MEASUREMENT / PIECE	 Small 10–14 in	 Medium 14–18 in	 Large 18–22 in
Finished neck range	10–14 in	14–18 in	18–22 in
Finished collar width	3/4 in	1 in	1 in
Hardware size	3/4 in	1 in	1 in
Long webbing strap	22 in	26 in	30 in
Short buckle strap	4.5 in	5 in	5 in
Long outer fabric strip	23 x 2 in	27 x 2.5 in	31 x 2.5 in
Short outer fabric strip	5.5 x 2 in	6 x 2.5 in	6 x 2.5 in
Fusible interfacing	23 x 2 in	27 x 2.5 in	31 x 2.5 in
Safe name zone on the long strip	4 x 0.5 in	5 x 0.6 in	6 x 0.6 in

MEASUREMENT LOGIC

LONG STRAP (adjustable range)

This piece forms the main length of the collar. It slides through the hardware to create the finished neck range.

SHORT STRAP (hardware end)

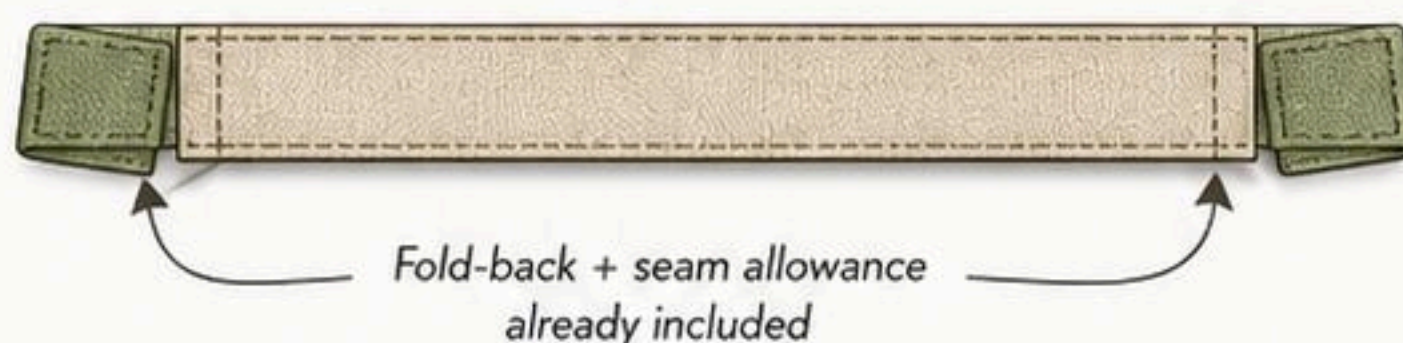

Holds one half of the buckle and the D-ring. It stays stationary while the long strap adjusts.

CUT LENGTHS INCLUDE ALLOWANCES

All fabric strip lengths already include:

- ♥ Fold-back for enclosure
- ♥ Seam allowance for the fabric cover

NOTE:

Keep about 1.5 in clear at both ends of the name area so the embroidery stays visible after assembly.

Tools & Materials

Gather everything before you start for a smoother, more accurate build.

1 FABRICS & STABILIZERS

Cotton canvas
or quilting cotton

Fusible
interfacing

Embroidery
stabilizer

2 STRUCTURE MATERIALS

Nylon or polypropylene webbing
in 3/4 in or 1 in widths.

3/4 in

1 in

3 HARDWARE

Sized to match the collar width.

Side-release
buckle
(one set)

Tri-glide
slider
(one)

D-ring
(one)

4 THREADS

All-purpose
sewing thread

Embroidery thread
or embroidery floss

SIZE NOTE:

Small uses 3/4 in
hardware and webbing.

Medium and Large use
1 in hardware and webbing.

5 TOOLS

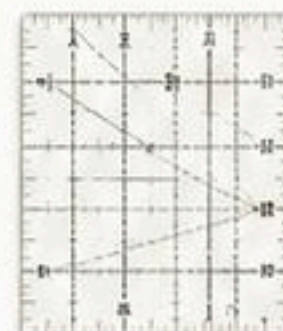

Sewing
machine

Hand
needle

Scissors
or rotary cutter

Ruler

Fabric
marker

Clips
or pins

Iron

Lighter or Fray Check
(for sealing webbing ends)

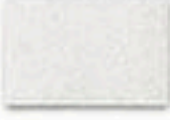

Embroidery hoop
(optional)

TIP:

Pre-wash fabric,
press it flat, and
test your embroidery
thread color on a
scrap first.

Step 1 — Cut All Pieces

Cut the webbing, fabric, and interfacing using the chart from Page 2.

PIECE TO CUT	 Small 10–14 in	 Medium 14–18 in	 Large 18–22 in
 Long webbing	22 in	26 in	30 in
 Short webbing	4.5 in	5 in	5 in
 Long fabric	23 x 2 in	27 x 2.5 in	31 x 2.5 in
 Short fabric	5.5 x 2 in	6 x 2.5 in	6 x 2.5 in
 Interfacing	Same as fabric	Same as fabric	Same as fabric

MICRO-STEPS

1 Measure and cut the webbing.

2 Seal the cut webbing ends with a lighter or Fray Check.

3 Cut long and short fabric strips.

4 Cut matching interfacing pieces.

5 Keep each size grouped together and labeled.

SAFETY & ACCURACY NOTE

Seal webbing gently—just enough to stop fraying.
Do not melt the edges into hard lumps.

Step 2 — Plan the Name Placement

Mark a clean, centered embroidery area before sewing the collar.

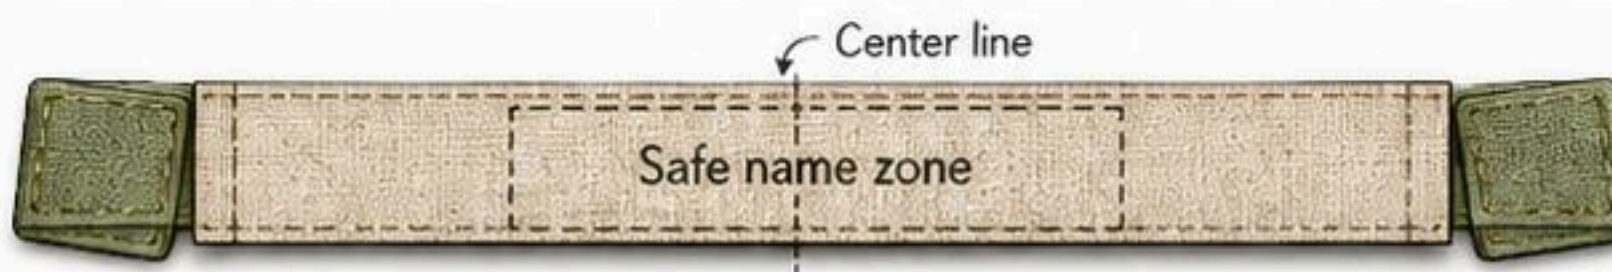

- 1** Work on the long outer fabric strip only.

Use the long outer fabric strip.

- 2** Mark a centered safe name zone.

- 3** Leave about 1.5 in clear at both ends so the embroidery stays visible after assembly.

- 4** Use these maximum name zones:

- 5** Lightly draw a center line and place the pet name in the middle.

LETTER-SIZING TIPS

	Small	letters about 0.35–0.4 in tall
	Medium	letters about 0.45–0.5 in tall
	Large	letters about 0.5–0.55 in tall

♥ Best for 4–7 letters

TIP

Print or trace the name first for more even spacing.

Step 3 — Embroider the Name

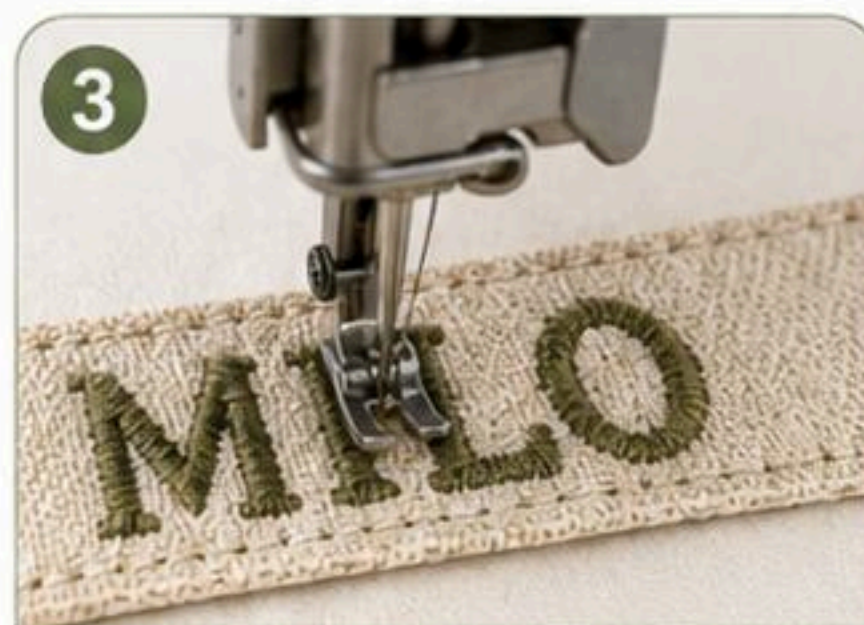

Stabilize the fabric, stitch the letters, and keep the embroidery neat and flat.

1
Place embroidery stabilizer
behind the marked name zone.

2
Hoop or pin the fabric
so it stays flat.

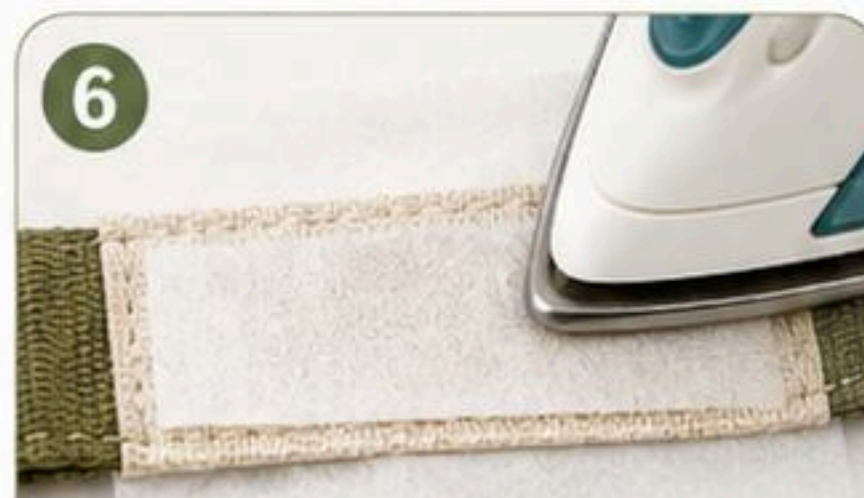

3
Stitch the name
using embroidery thread or floss.

4
Keep stitches inside
the marked area and
avoid puckering.

5
Trim excess stabilizer
from the back after stitching.

6
Press lightly from the back
if needed.

FINISHED EXAMPLES

TECHNIQUE TIPS

Hand embroidery:
backstitch or split stitch
for outlines, satin stitch
for thicker letters.

Machine embroidery:
use a medium-density
fill and a stabilizer.

TIP:

Test your stitch size on a scrap
before stitching the real piece.

✓ Just right!

✗ Too big

Step 4 — Sew the Fabric Sleeves

Turn the outer fabric strips into neat covers for the webbing.

1 Fuse interfacing

Fuse interfacing to the wrong side of each fabric strip.

LONG STRIP

Wrong side

SHORT STRIP

Wrong side

2 Fold lengthwise

Fold each strip lengthwise, right sides together.

LONG STRIP

Right sides together

SHORT STRIP

Right sides together

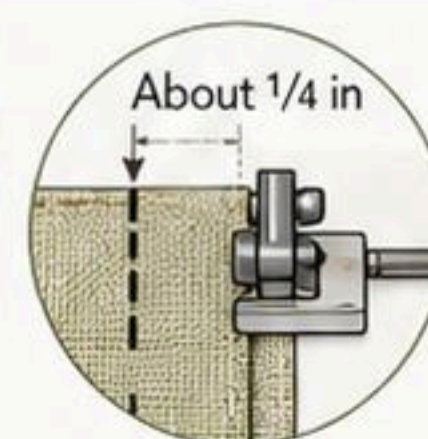

3 Stitch the long edge

Stitch along the long edge with about a 1/4 in seam allowance.

LONG STRIP

SHORT STRIP

4 Turn right side out

Turn the tube right side out so the seam is inside the tube.

LONG STRIP

SHORT STRIP

TIP ♥

Use a loop turner, safety pin, or hemostat to turn narrow tubes more easily.

5 Press flat

Press flat with the seam centered on the underside.

LONG STRIP

Seam on underside

SHORT STRIP

Seam on underside

Turn

Finished tube

Step 5 — Insert the Webbing & Topstitch

Slide the strong inner strap into each sleeve and secure the cover in place.

LONG COVERED STRAP

Insert the long webbing into the long fabric sleeve.

SHORT COVERED STRAP

Insert the short webbing into the short fabric sleeve.

FOLLOW THESE STEPS

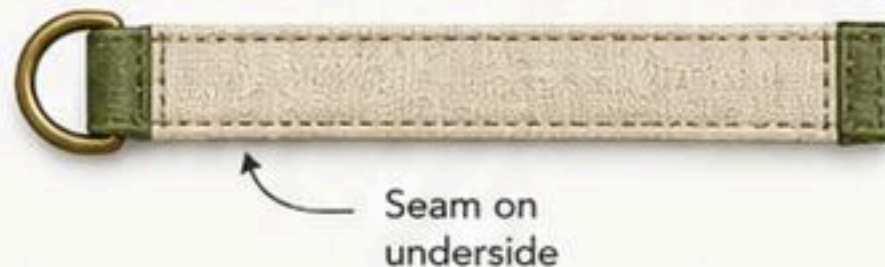

- 1 Slide the long webbing into the long fabric sleeve.

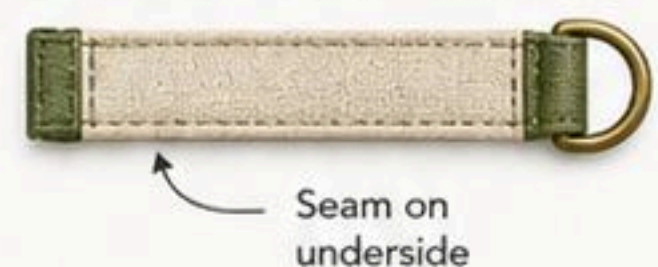

- 2 Slide the short webbing into the short fabric sleeve.

- 3 Keep the seam on the underside of each strap.

Seam on underside

Seam on underside

- 4 Fold the extra 1/2 in fabric at each end inward to hide the raw edges.

1/2 in

- 5 Topstitch near both long edges to hold the fabric smoothly around the webbing.

- 6 Topstitch the short ends closed.

NOTE:

The embroidery should stay centered and face outward on the long strap when the collar is worn.

TIP:

Use clips instead of pins when the layers feel thick.

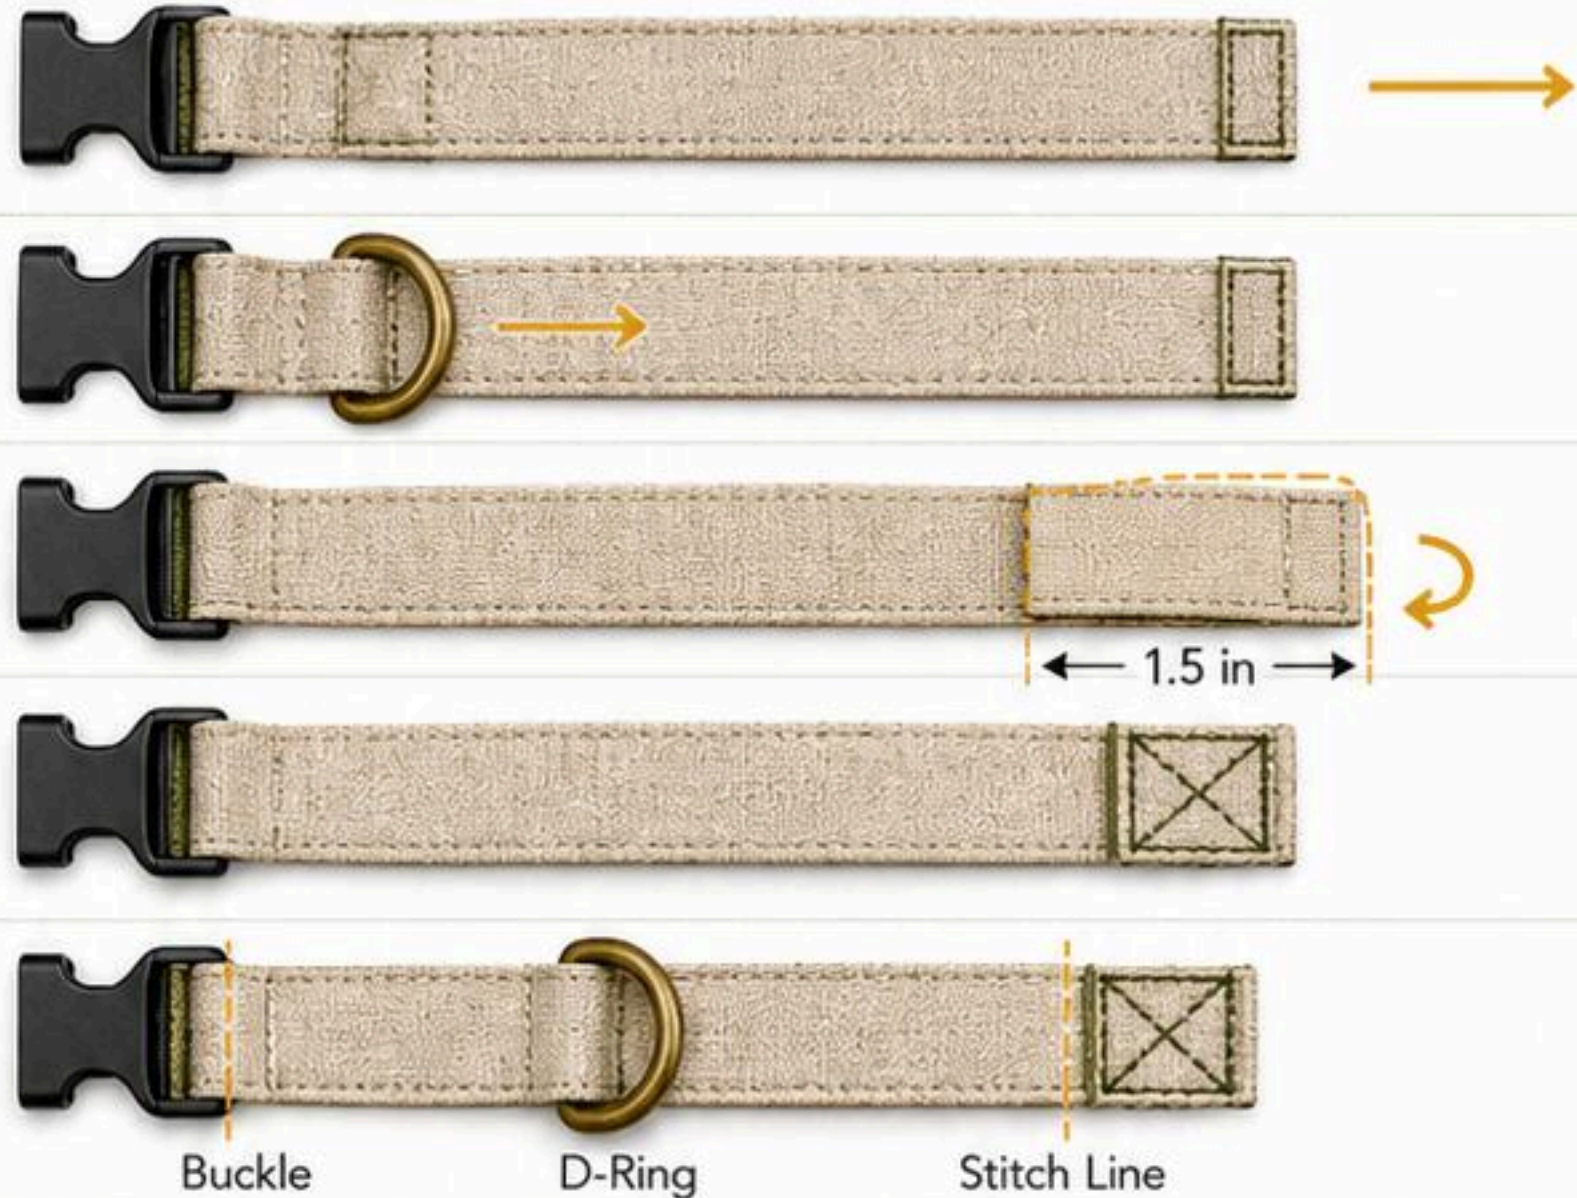

Step 6 — Attach the Hardware

Build the buckle end and the adjustable side exactly in this order.

A. SHORT STRAP (buckle end with D-ring)

- Slide one buckle half onto the short covered strap.
- Add the D-ring.
- Fold the strap end back by about 1.5 in.
- Sew a strong box-X stitch to lock it.
- The D-ring should sit between the buckle and the stitch line.

B. LONG STRAP (adjustable side)

- Thread one end of the long covered strap through the center bar of the tri-glide slider.
- Fold that end back by about 1.5 in and stitch securely to anchor the slider.
- Take the free end and thread it through the other buckle half.
- Bring the free end back through the tri-glide to create the adjustable section.
- Make sure the embroidered name faces outward when the collar is closed.

CAUTION

Before sewing, double-check buckle orientation so both halves snap together correctly.

STITCH NOTE

Use a box-X or two tight rows of stitching for all load-bearing joins.

Step 7 — Finish, Adjust & Quality Check

Test the collar, confirm the size range, and make sure it is ready to sell.

FINAL CHECKLIST

1

Buckle snaps together smoothly.

2

Slider adjusts the collar easily.

3

D-ring is secure.

4

Embroidery is centered and visible.

5

Seams and topstitching are neat and strong.

6

The collar reaches the correct size range.

SIZE REMINDER

Small
fits 10–14 in necks

Medium
fits 14–18 in necks

Large
fits 18–22 in necks

FINAL NOTE

Always test strength before selling: pull firmly on the hardware and check every stitch line.

CARE TIP

Spot clean or hand wash; reshape and air dry.

Your embroidered name collar is ready!

Great job! ♥
